

SUPPLEMENTAL  
EXECUTIVE OFFICER SUMMARY REPORT  
September 8, 2010

- ITEM: 9
- SUBJECT: NPDES Permit Reissuance: General Waste Discharge Requirements for the Discharges of Hydrostatic Test Water and Potable Water to Surface Waters and Storm Drains or Other Conveyance Systems within the San Diego Region (Tentative Order No. R9-2010-0003, NPDES Permit No. CAG679001) (Michelle Mata)
- DISCUSSION: The Marine Corps Base Camp Pendleton has requested a revision to the tentative Order to clarify the federal entities that may enroll under the Order and to clarify the number of enrollees for Marine Corps Base Camp Pendleton. If adopted, the tentative Order would be applicable not only to public water district entities that have been issued a water supply permit by the California Department of Public Health, but also to federal military installations such as Marine Corps Base Camp Pendleton and the US Navy Public Works, which covers Naval Bases in the San Diego area. Furthermore, Camp Pendleton is listed twice on the table of water distributors and only needs one enrollment covering the entire base. An Errata Sheet to reflect these revisions has been prepared and included as Supporting Document 5. This Errata Sheet was sent to all interested parties by e-mail on September 2, 2010.
- SUPPORTING DOCS: (Supporting Documents 1-4 have already been provided to the San Diego Water Board Members and are not included here.) Supporting Document 5 is new material.
1. Revised Tentative Order No. R9-2010-0003
  2. Comment from Eastern Municipal Water District
  3. Response to Comments Document
  4. Transmittal Letter for Response to Comments Document and Revised Tentative Order (August 25, 2010)
  5. Errata Sheet for Order No. R9-2010-0003
- RECOMMENDATION: Adoption of Revised Tentative Order No. R9-2010-0003 with Errata is recommended
