**Subject: Comments on Tentative Order No. R9-2012-0055,
Master Reclamation Permit for Rincon del Diablo
Municipal Water District, San Diego County**

Ms. Chan,

The following constitute our comments on the subject order.

- Page 3, Item 5 – We request that "Fire Suppression" be added to the list of approved uses of recycled water to reflect our intention to use it for that purpose.
- Page 7, Item C.1 – In the second line there is a reference to "treatment". Rincon is only distributing disinfected tertiary recycled water that is treated by others. We are not treating the water through this permit and request that the reference to "treatment" be removed.
- Page 12, Item C – In line 7 there is a reference to "Appendix A". Since we are a tier B basin, we believe the reference should be "Appendix B".

Thank you for providing this opportunity to comment on the Tentative Order.

Sincerely,
