

ITEM 7, SUPPORTING DOCUMENT NO. 4: RESPONSE TO COMMENTS

TENTATIVE ORDER NO. R9-2012-0055

**WATER RECLAMATION REQUIREMENTS FOR RINCON DEL DAIBLO
 MUNICIPAL WATER DISTRICT, SAN DIEGO COUNTY**

The San Diego Water Board has the following responses to the Rincon Del Diablo Municipal Water District's letter dated September 28, 2012:

No.	Comments	San Diego Water Board Responses
1.	<i>Page 3, Item 5: Page 3, Item 5: We request that "Fire Suppression" be added to the list of approved uses of recycled water to reflect our intention to use it for that purpose.</i>	The requested change has been made in the revised tentative Order.
2.	<i>Page 7, Item C.1: In the second line there is a reference to "treatment". Rincon is only distributing disinfected tertiary treated recycled water that is treated by others. We are not treating the water through this permit and request that the reference to "treatment" be removed.</i>	The requested change has been made in the revised tentative Order.
3.	<i>Page 12, Item C.1: In line 7 there is a reference to "Appendix A". Since we are a tier B basin, we believe the reference should be "Appendix B."</i>	The requested change has been made in the revised permit.
