

# San Diego Water Board Meeting

## Action Items

**September 11, 2019**

**(underlined names are responsible for the action)**

### Item 4 – Modern Monitoring

1. Chairman Abarbanel requested an evaluation of the capabilities necessary, via CCTV cameras and live web video feeds at a construction site, to address the legal concerns raised during deliberations on the Assessment of Civil Liability against the San Altos Construction site. The evaluation will consider the technological capabilities, costs, camera resolution, number and placement of cameras, data archiving, data validation and quality control and more.

**Course of Action:** Catherine Hagan will work with Laurie Walsh to evaluate the available technology to provide the requested evaluation.

Hours needed to complete request: 30

Estimated Completion Date: 31 December 2019

### Item 5 – Southern California Coastal Water Research Project (SCCWRP) Research

2. Drs. Olson and Abarbanel requested the SCCWRP presentation be made available to the Board.

**Course of Action:** Chris Blank will post the presentations on the ftp site for the Board Members to access and ensure the Board Agenda Minutes contain a link to SCCWRPs web site where the presentation is publicly available.

Hours needed to complete request: 2 hours

Estimated Completion Date: 30 September 2019
