KEY ISSUES

1. The Tentative Order makes minor modifications to Order No. R9-2020-0001 to correct non-substantive typographical errors.

DISCUSSION

The Tentative Order proposes to amend Order No. R9-2020-0001 to correct non-substantive typographical errors including flow references in table notes. Order No. R9-2020-0001 also establishes requirements for the treatment of wastewater at the North City Water Reclamation Plant (NCWRP) and the North City Pure Water Facility (NCPWF). A map showing the location of both facilities is included as **Supporting Document No. 2**.
