Adoption of Tentative Order No. R9-2020-0193 (Tentative Order, **Supporting Document No. 1**) amending Order No. R9-2019-0169 is recommended.

KEY ISSUES

1. The Tentative Order makes minor modifications to Order No. R9-2019-0169 to correct non-substantive typographical errors.
2. The corrections to Order No. R9-2019-0169 are being processed with the consent of the Fallbrook Public Utility District (FPUD) as minor permit modifications pursuant to 40 CFR section 122.63.

PRACTICAL VISION

Adoption of the Tentative Order is consistent with the values of transparency and communication outlined in the Proactive Public Outreach and Communication chapter of the Practical Vision¹ as it proposes changes to an existing permit through a transparent public meeting process.

DISCUSSION

The Tentative Order proposes to amend Order No. R9-2019-0169 to correct non-substantive typographical errors including correcting the Ocean Plan table references. The sections in Order No. R9-2019-0169 that will be corrected are identified in page 2 of the Tentative Order and shown in redline/strikeout format in the Attachment to the Tentative Order (see **Supporting Document No. 1**).

The San Diego Water Board provided an opportunity for FPUD to review the proposed modifications to Order No. R9-2019-0169 prior to placing the Tentative Order on the August 12, 2020 Board meeting agenda. FPUD consented to the proposed changes by email dated July 20, 2020 (see **Supporting Document No. 3**).
