4. **Humor is welcome** – it just should not be at someone else’s expense
5. **Common conversational courtesy** – don’t interrupt others, use appropriate language, and don’t make it hard to hear by having third-party conversations at the table
6. **All ideas and points of view have value** – you do not have to agree with your neighbor; if you do not agree with something, propose an alternative that could meet everyone’s interests
7. **Avoid editorials** – avoid judging other people’s motives or the value of their actions; instead explain what you need for your interests to be met and our work to be a success
