Dear Ms. Kaludjerski:

## SUBJECT: REVIEW OF THE MONITORING REPORT FOR SAN PASQUAL ACADEMY

The California Regional Water Quality Control Board, San Diego Region has reviewed the January-June 2010 semiannual monitoring report submitted by the County of San Diego (County) in accordance with the Monitoring and Reporting Program of Order No. R9-2009-0072.

The following violation of the Monitoring and Reporting Program of Order No. R9-2009-0072 was identified in the report submitted:

1. The January effluent total suspended solids (TSS) result was from a grab sample. This is in violation of Section B (Effluent Monitoring), which requires the type of sample for TSS to be a composite. However, we acknowledge that the County was confused about the new permit at the beginning of the year.

The next monitoring report is the July-December 2010 semiannual and the January-December 2010 annual monitoring reports due by January 30, 2011. For questions pertaining to the subject matter, please contact Amanda Dai at (858) 627-3977 or via email at adai@waterboards.ca.gov.

## PLEASE INCLUDE "255440: ADAI" IN THE SUBJECT LINE OF FUTURE CORRESPONDANCE.

Sincerely,

Robert Marris
