Subject: Review of Monitoring Reports for Hideaway Mobile Estates

Mr. Pintus:

The California Regional Water Quality Control Board, San Diego Region (San Diego Water Board) has reviewed the July-December 2015 semi-annual monitoring report and the 2015 annual monitoring report submitted by Lilac Enterprises Inc.

The San Diego Water Board has one comment on the reports referenced above. The Discharge Specifications in section B.1 of Order No. 93-027 requires the daily maximum effluent limitation for total suspended solids (TSS) to not exceed 45 mg/L. The effluent limit for TSS was exceeded on November 10, 2015 with a reported value of 52 mg/L.

The next monitoring report required to be submitted is the January-June 2016 semi-annual monitoring report, which is due by July 30, 2016.

Please submit all future responses to the San Diego Water Board by email. Email submittals must include a signed cover/transmittal letter (with the facility name, facility contact information, and reference code: **230289:ACali**), and be sent via email to sandiegowaterboard.ca.gov. Information required by Order No. 93-027 should be mailed to sandiego@waterboards.ca.gov. Routine email correspondence, however, may be sent to individual San Diego Water Board staff members. If you have any specific questions about email submittals procedures, please contact Ms. Cleo Munoz, of our Mission Support Unit staff, at 619-521-3384 or cleo.munoz@waterboard.ca.gov.

In the subject line of any response, please include reference **230289: ACali**. Please contact Mr. Alex Cali at (619) 521-3355, or at acali@waterboards.ca.gov if you have any questions or comments.

Sincerely,

A handwritten signature in black ink, appearing to read "J. R. Odermatt".

JOHN R. ODERMATT, M.Sc. P.G., Senior Engineering Geologist
Land Discharge Unit
