

**ORDER NO. Tentative Order
Acceptance of Conditional Resolution
and Waiver of Right to Hearing
for
Bluewave Express Carwash
8700 Jameel Road, Suite 150
Houston, Texas 77040**

Alleged Violation and Notices of Violation

Bluewave Express Carwash (Discharger) violated section XVI of the *General Permit for Storm Water Discharges Associated with Construction and Land Disturbance Activities*, Order No. 2009-0009-DWQ, NPDES Permit No. CAS000002 (Construction Stormwater General Permit), by failing to submit an annual report by September 1, 2023, for the 2022-20223 reporting year. As required by California Water Code (Water Code) section 13399.31, the San Francisco Bay Regional Water Quality Control Board (Regional Water Board) issued notices of noncompliance to the Discharger on November 15, 2023, and December 18, 2023. By statute, the Discharger is now subject to a minimum penalty of \$1,000 for failing to submit the annual report by the deadlines established in the notices of noncompliance.

Acceptance and Waiver

By signing below and returning this Acceptance of Conditional Resolution and Waiver of Right to Hearing (Acceptance and Waiver) to the Regional Water Board, the Discharger hereby accepts the conditional offer to settle the alleged violation through payment of a mandatory minimum penalty and waives its right to a hearing before the Regional Water Board to dispute the alleged violation.

The Discharger understands that this Acceptance and Waiver does not address or resolve liability for any violation not specifically identified herein. Upon execution by the Discharger, the Acceptance and Waiver shall be returned to the following:

San Francisco Bay Regional Water Board
Attention: Deirdre Ryan
1515 Clay Street, Suite 1400
Oakland, CA 94612

or

Deirdre.Ryan@Waterboards.ca.gov

The Discharger understands that federal regulations (title 40, Code of Federal Regulations, § 123.27(d)(2)(iii)) require the Regional Water Board to publish notice of, and provide at least 30 days for, public comment on any proposed resolution of an enforcement action. Accordingly, this Acceptance and Waiver, prior to execution by the Executive Officer of the Regional Water Board, will be published for public comment as required by law.

If no comments are received within the notice period that cause the Executive Officer to reject the settlement, the Executive Officer may execute the Acceptance and Waiver. Water Board resolution of this violation will preclude State Water Resources Control Board action for the same violations.

The Discharger understands that, if significant comments are received in opposition to the conditional offer, the offer may be withdrawn. In that circumstance, the Discharger will be advised of the withdrawal, and an administrative civil liability complaint may be issued with a scheduled hearing before the Water Board or State Water Resources Control Board. For such a liability hearing, the Discharger understands that this Acceptance and Waiver will be treated as if it were a settlement communication and will not be used as evidence in that hearing.

The Discharger understands that funds collected for violations pursuant to Water Code section 13399.31 shall be deposited in the Waste Discharge Permit Fund. The Discharger has the option to contribute half of the funds to a supplemental environmental project instead by checking (placing "✓" or "x" into) the box below. Selecting this option does not change the total amount the Discharger must pay. If the Discharger directs funds to the supplemental environmental project, the Regional Water Board will consider the Discharger to have fulfilled its obligations for the supplemental environmental project when the San Francisco Estuary Institute receives the funds.

- The Discharger agrees to pay half the penalty (\$500) to a supplemental environmental project.

<p>Payment Option</p> <p>Contribute to a Supplemental Environmental Project</p> <p>By checking the box above, \$500 of the \$1,000 penalty will go to a supplemental environmental project for the San Francisco Estuary Institute to fund Regional Monitoring Program studies within the San Francisco Bay estuary; the remaining \$500 will go to the State Waste Discharge Permit Fund.</p> <p>By not checking the box above, the entire \$1,000 penalty will go to the State Waste Discharge Permit Fund.</p>
--

The Discharger understands that once the Executive Officer of the Regional Water Board executes the Acceptance and Waiver, payment no later than 30 days after the date of the Executive Officer's signature is a condition of this Acceptance and Waiver. If the Discharger does not select the supplemental environmental project option above, the Discharger shall pay the total assessed civil liability of \$1,000 in full to the Waste Discharge Permit Fund. If the Discharger selects the supplemental environmental project option, the Discharger shall pay the portion not paid toward the supplemental environmental project to the Waste Discharge Permit Fund and pay the balance to the San Francisco Estuary Institute for the Regional Monitoring Program. The Water Board will send invoices for all payments.

Please do not send a check for payment with this Acceptance and Waiver. After posting for public comment for 30 days, if the Executive Officer finds this Acceptance and Waiver acceptable, the Executive Officer will counter-sign the Acceptance and Waiver and send an invoice to the Discharger for payment within 30 days.
