**NOTICE OF CHANGE OF PUBLIC HEARING

Wastewater is treated to remove selenium and other pollutants before discharge to Permanente Creek. Industrial stormwater is treated by settling ponds before discharge to Permanente Creek.

The hearing for which the Regional Water Board will consider adopting the draft permit has been changed to **December 10, 2025**, to commence at **9:00 a.m.** The original date was October 8, 2025. Interested persons are invited to express their views at this hearing.
