RESOLUTION NO. R8-2004-0027

State Fiscal Year (SFY) 2004-2005 State Revolving Fund (SRF) Loan Priority List
for the Santa Ana Region

WHEREAS:

1. Title VI of the Federal Clean Water Act and various state laws, including the Clean Water Bond Law of 1984, authorize the State Water Resources Control Board (SWRCB) to implement the State Revolving Fund and to adopt rules and regulations governing the making and enforcing of contracts with public agencies having authority to construct, operate and maintain treatment works.
2. Regulations adopted by the SWRCB require that the Regional Board recommend to the SWRCB each year a Priority List of projects, including wastewater treatment plants, nonpoint source projects, storm drainage projects, and estuary enhancement projects within Region 8 for each of the succeeding five fiscal years. Subsequently, the SWRCB, after a public hearing, will update the statewide Priority List for each of the succeeding five fiscal years.
3. After notice to all interested parties, this Regional Board conducted a public hearing on March 12, 2004 to consider all the evidence introduced at and prior to that hearing with regard to the Priority List.

THEREFORE, BE IT RESOLVED THAT:

1. The Santa Ana Region's SFY 2004-2005 SRF Loan Priority List, shown in Attachment "A" to this resolution, is adopted.
2. The Santa Ana Region's Priority List is recommended for inclusion by the State Water Resources Control Board in the statewide Priority List.
3. The Regional Board authorizes the Executive Officer to add, delete or modify the projects shown in Attachment "A" during the fiscal year, as necessary.

I, Gerard J. Thibeault, Executive Officer, do hereby certify that the foregoing is a full, true and correct copy of a resolution adopted by the California Regional Water Quality Control Board, Santa Ana Region, on March 12, 2004.

ITEM: 8

SUBJECT: Santa Ana Regional Board's Priority List for State Revolving Fund Loan Program Projects for State Fiscal Year 2004-2005, Resolution No. R8-2004-0027

DISCUSSION:

The State Revolving Fund (SRF) loan program makes State and Federal money available for the construction of water quality improvement projects. The SRF program replaced the Federal Clean Water Grant program. The State Water Resources Control Board (State Board) administers this program through the development of a statewide Project Priority List. This list indicates when, over a five year period, applicants are eligible to receive loan funds for the planning, design and construction of projects such as sewage treatment plants, water reclamation projects, nonpoint source pollution control projects, and estuary enhancement projects. Nonpoint source pollution control projects are storm drainage projects that include pollution abatement appurtenances, and not merely storm water conveyance facilities.

On January 2, 2004, the Santa Ana Regional Board staff received the Draft State Fiscal Year (SFY) 2004-2005 SRF Loan Program Priority List for the Santa Ana Region from the State Board, Division of Clean Water Programs. The State Board has requested that the Regional Board review the draft list and adopt a regional list with any appropriate changes. The Regional Board's adopted list will be used to develop the statewide SFY 2004-2005 Priority List.

State regulations require that the Regional Boards solicit public comments before adopting a list. Board staff solicited comments from interested parties and, based on these comments, proposes changes to the draft SFY 2004-2005 Priority List. A revised list for the Region is shown in Attachment "A" to the proposed Resolution No. R8-2004-0027. The revised list includes the deletion of eleven proposed projects and eight changes to the proposed cost, schedule, category, priority, or project description for certain projects on the list. These revisions are as follows:

INLAND EMPIRE UTILITIES AGENCY (IEUA) – DELETE PROJECTS

1. Regional Recycled Water Distribution System, Phase 1: Etiwanda Pipeline (4846-11)
2. Regional Recycled Water Distribution System, Phase 1: Wineville Pipeline (4846-12)
3. Regional Recycled Water Distribution System, Phase 1: RP1/RP4 Pump Stations (4846-13)
4. Regional Recycled Water Distribution System, Phase 1: Fourth Street Pipeline (4846-14)

5. Regional Recycled Water Distribution System, Phase 1: North Etiwanda Pipeline (4846-15)
6. Regional Recycled Water Distribution System, Phase 1: Philadelphia Street Pipeline (4846-16)

IEUA requests that the above six projects be deleted from the priority list as these projects are already under construction.

INLAND EMPIRE UTILITIES AGENCY (IEUA) – COST/SCHEDULE/PROJECT DESCRIPTION CHANGE

Regional Recycled Water Distribution System, Phase 2 (4899-11):

IEUA requests that the priority list be revised to show that the requested loan amount for this project has been increased from \$25 million to \$28.1 million. Also, IEUA requests that the construction start date for this project be changed to December 2004.

Regional Plant 4, Recycled Water Irrigation for Water Efficient Plant Nursery (4656-12):

IEUA requests that the priority list be revised to show that Regional Plant 5, rather than Regional Plant 4, is the anticipated location for this project. Also, IEUA requests that the construction start date for this project be changed to June 2004.

Regional Recycled Water Distribution System, Phase 3 (4900-11):

IEUA requests that the construction start date for the project be changed to December 2006.

Regional Recycled Water Distribution System, Phase 4 (4901-11):

IEUA requests that priority list be revised to show that the construction start date for this project has been changed to December 2008.

Regional Recycled Water Distribution System, Phase 5 (4902-11):

IEUA requests that the construction start date for this project be changed to December 2010.

ELSINORE VALLEY MUNICIPAL WATER DISTRICT (EVMWD) – DELETE PROJECTS

Regional WRF Expansion to 8 MGD (4686-11):

EVMWD requests that this project be deleted from the priority list since the project is completed.

Downtown Reclamation System (4310-11):

EVMWD requests that this project be deleted since this project will be covered under the Wildomar Recycled Water System project.

Cottonwood Hills-Canyon Lake Reclamation System (4311-11):

EVMWD requests that this project be deleted since the project is being built by a developer in the area.

Northeast Lake Elsinore Reclamation System (4314-11):

EVMWD requests that this project be deleted from the priority list since EVMWD is no longer pursuing this project.

Wildomar Sewer Collection System (4335-11):

EVMWD requests that the project be deleted since it is no longer pursuing this project.

**ELSINORE VALLEY MUNICIPAL WATER DISTRICT ((EVMWD) -
COST/SCHEDULE/PROJECT DESCRIPTION/CLASS RANK/NEEDS CATEGORY
CHANGE**

Railroad Canyon WWTP Aeration Blower Replacement (4960-11):

EVMWD requests that the construction start date for the project be changed to June 2004.

Continental & Lighthouse Lift Stations Upgrade & Expansion (4961-11):

EVMWD requests that the construction start date for the project be changed to June 2004 and the Class Rank and Needs Category be changed to B and IIIB, respectively. Also, EVMWD requests that the loan amount for the project be increased to \$8.3869 million.

South Lake Elsinore Reclamation System (4313-11):

EVMWD requests that the priority list be revised to show that Wildomar Recycled Water System, rather than South Lake Elsinore Reclamation System, is the new project description. Also, EVMWD requests that the construction start date for this project be changed to June 2005 and the requested loan amount for the project be increased to \$19 million.

RECOMMENDATION:

Adopt Resolution No. R8-2004-0027, with the Santa Ana Region SFY 2004-2005 SRF Loan Priority List shown in Attachment "A".
