

California Regional Water Quality Control Board
Santa Ana Region

Order No. R8-2006-0081

Rescission of Waste Discharge Requirements
for
Specific Facilities

The California Regional Water Quality Control Board, Santa Ana Region (hereinafter Board), finds that:

1. The Orders listed in Attachment "A" were issued by the Board at various times for the facilities described therein. Attachment "A" is hereby made a part of this Order. Waste discharge requirements for the facilities listed in Attachment "A" are no longer necessary because the facility discharge has ceased or the facility will be regulated pursuant to the terms and conditions of the State Board's General Waste Discharge Requirements for Sanitary Sewer Systems, Order No. 2006-0003-DWQ or the State Board's general industrial storm water permit, Order No. 97-03-DWQ.
2. This action is based on the fact that specific discharges are now covered under other waste discharge requirements, or that discharges from the facilities have ceased. As such, this action is exempt from the requirements of the California Environmental Quality Act in accordance with Section 15061 (b) (3), Chapter 3, Title 14 of the California Code of Regulations.
3. The Board has notified the dischargers and interested agencies and persons of its intent to rescind the Orders for the facilities listed in Attachment "A", and has provided them with an opportunity to submit written comments and recommendations.
4. The Board, in a public meeting, heard and considered all comments pertaining to the rescission of waste discharge requirements.

IT IS HEREBY ORDERED that the Orders listed in Attachment "A" be rescinded.

I, Gerard J. Thibeault, Executive Officer, do hereby certify that the foregoing is a full, true, and correct copy of an Order adopted by the California Regional Water Quality Control Board, Santa Ana Region, on December 1, 2006.

Gerard J. Thibeault
Executive Officer

California Regional Water Quality Control Board
Santa Ana Region

December 1, 2006

STAFF REPORT

ITEM: 6

SUBJECT: Rescission of Waste Discharge Requirements, Order No. R8-2006-0081

DISCUSSION:

Waste discharge requirements for the facilities/entities listed in Attachment "A" of Order No. R8-2006-0081 are no longer necessary because the discharge has ceased or the entity is now regulated under a different general permit. Most of the entities identified in Attachment "A" are currently regulated under the Regional Board's Order No. 2002-0014, General Waste Discharge Requirements for Sewer Collection Agencies in Orange County within the Santa Ana Region. The State Water Board recently adopted General Waste Discharge Requirements for Sanitary Sewer Systems (Order No. 2006-0003-DWQ, which specifies requirements generally comparable to those in the Regional Board's Order. As a matter of statewide consistency, it is appropriate to rescind Order No. 2002-0014 and to enroll the listed entities in the State Board's General Permit.

RECOMMENDATION:

Adopt Order No. R8-2006-0081, as presented.

In addition to the dischargers listed in Attachment "A", comments were solicited from the following agencies:

U.S. Environmental Protection Agency, Permits Issuance Section (WTR-5) – Doug Eberhardt
State Water Resources Control Board, Office of the Chief Counsel – Erik Spiess
California Department of Health Services, Santa Ana – Shu-Fang Orr
California Department of Health Services, San Bernardino – Sean McCarthy
California Department of Health Services, Riverside – Steve Williams
State Department of Water Resources, Glendale
State Department of Fish and Game, Ontario
Orange County Water District – Nira Yamachika
Orange County Resources and Development Management Department – Chris Crompton
Riverside County Department of Environmental Health Services
Riverside County Transportation/Flood Control Department
San Bernardino County Environmental Health Services – Daniel Avera
San Bernardino County Department of Public Works, Flood Control – Naresh Varma
