

# **Santa Ana Regional Water Quality Control Board**

**February 5, 2021**

## **ITEM 11:**

### **Flood Control Post-Wildfire Response for Public Safety and Watershed Protection** (informational item).

Representatives of the Riverside County Flood Control and Water Conservation District will provide an overview of post-wildfire hazards and Riverside County Flood Control and Water Conservation District's response to address these hazards for public safety and watershed protection. Responses include flood control emergency designs, construction, and maintenance operations with a focus on the role of debris basins protecting Lake Elsinore.
