Item 3. Regional Board Meeting Minutes of May 15, 2020

Chair Ruh asked the Board Members for a motion of the Minutes and asked Ms. Aguilar to do a roll call vote on July 30, 2020.

Motion: It was moved by Chair Ruh, seconded by Board Member Murray, and the Minutes of the May 15, 2020, Board Meeting was unanimously approved by roll call vote on July 30, 2020.

Roll call vote: Board Member, Joseph Kerr - Aye, Board Member, Kristine Murray - Aye, Board Member, Lana Peterson - Aye, Board Member, Daniel Selmi - Aye, Board Member, Tom Rivera - Aye, Vice Chair, William von Blasingame - Aye, Chair, William Ruh - Aye.

Item 4. Renewal of Waste Discharge Requirements and National Pollutant Discharge Elimination System Permit (NPDES No. CA8000403) for Poseidon Resources (Surfside) L.L.C., Huntington Beach Desalination Facility – Order Number R8-2020-0005

This item was presented by Regional Board staff, Hope Smythe, Jayne Joy, Ann Sturdivant, Julio Lara, Terri Reeder, and State Board staff, Daniel Ellis.

Santa Ana Regional Water Board staff gave a presentation on the tentative waste discharge requirements and Water Code Section 13142.5(b) determination for the proposed Poseidon Huntington Beach Desalination Facility. Poseidon is proposing to build a desalination facility located at the AES Huntington Beach generating station. They require about 12 acres of land for their facility and the AES generating station is about 85 acres.

Staff provided a brief overview of the elements of the project and the facility, but the substance of their discussion was the written public comments that they received and their responses to the comments. Their presentation focused on the concerns of the public. They received 217 comment letters on this project. Many of the comments received were concerns regarding the cost of the water, water quality, total dissolved solids and the impact on marine life. There were, also, comments about the distribution system of the

product water that Poseidon will produce, public trust, and the performance of Carlsbad. The last workshop Santa Ana Regional Water Board held regarding Poseidon was remote. Many comments received did not approve of a remote Board Meeting.

Hope Smythe, Executive Officer, addressed the Board Members and said staff recommendation is to adopt the Tentative Order and the Water Code Determination and as amended by the errata sheet.

Regional Board Members asked questions to the presenters and to the staff.

The Santa Ana Regional Water Board Meeting received an estimate of 253 virtual speaker cards from the public and the speakers were given the opportunity to address their comments to the Board. Chair Ruh said we would continue to have the virtual speakers, from the virtual speaker cards, address their comments on Friday, July 31, 2020.

Presenters: Tom Luster, Coastal Commission; Wendy Hall, State Lands Commission; Ben Neill, San Diego Regional Water Quality Control Board; Keith Merkel, Merkel and Associates; Scott Maloni, Poseidon Water.

Item 14. Closed Session

There was no closed session.

Adjournment – Chair Ruh adjourned the meeting at 7:28 p.m. on July 30, 2020, to the regular Board Meeting of July 31, 2020, at 9:00 a.m. This will be video and teleconference meetings. Due to the COVID-19 emergency and the Governor’s Executive Order N-33-20, recent Board meetings have been cancelled or have been presented as video and teleconference meetings with no physical meeting location, and solely via remote presence. Please follow website for further updates. Chair Ruh thanked the public.

Item 4. Renewal of Waste Discharge Requirements and National Pollutant Discharge Elimination System Permit (NPDES No. CA8000403) for Poseidon Resources (Surfside) L.L.C., Huntington Beach Desalination Facility – Order Number R8-2020-0005

This item was presented by Regional Board staff, Hope Smythe, Jayne Joy, Ann Sturdivant, Julio Lara, Terri Reeder, and State Board staff, Daniel Ellis.

The Board Meeting on Friday, July 31, 2020, was a continuation of the public hearing on the Renewal of Waste Discharge Requirements and NPDES Permit of the California Water Code section 13142.5(b), Determination for Poseidon Resources, Huntington Beach Desalination Facility.

The Board meeting continued to have the public speakers, that submitted virtual speaker cards, make public comments to the Board members. The public speakers were limited to two minutes. Chair Ruh said at the conclusion of the public comments the Applicant would have ten minutes to address the Board and answer any questions from the Board members. Chair Ruh added that the Regional Board staff would be given the opportunity to provide responses to any new comments from the public and answer questions from the Board members after the public comment period closed.

Chair Ruh closed the public comment. Hope Smythe and Jayne Joy provided a brief presentation to the Board members to give the Board members a perspective of what options are available and inform them of the requirements of the Ocean Plan and Water Code. Board members had concerns regarding the mitigation plan and asked Regional staff and Scott Maloni questions. The Board members had a long discussion regarding mitigation.

Hope Smythe, Executive Officer, suggested to the Board members that they may direct the staff to make specific changes to the Order, and staff would bring back at a later time for consideration, or they could reject the staff recommendation and state the specific findings for the basis of the denial.

Board members agreed that they need more time to review to be able to make a final decision.

Presenter: Scott Maloni, Poseidon Water
