Item 3. Workshop for the Permit Renewal for the Poseidon Resources' Proposed Huntington Beach Desalination Facility

This item was presented by Regional Board Staff, Hope Smythe, Jayne Joy, Terri Reeder, and State Board Staff, Daniel Ellis.

This was a public workshop and no action was taken by the Board. Santa Ana Water Board staff presented a second public workshop to address Regional Board member's questions related to the tentative waste discharge requirements and Water Code Section 13142.5(b) determination for the proposed Poseidon Resources Huntington Beach Desalination Facility. Their presentation focused on the identified need for the desalinated water and the marine life mitigation requirements with a brief review of what was covered in the December 6, 2019 workshop.

Water Agencies gave presentations to assist with questions from the Board Members and public comment was received at the workshop. The workshop received an estimate of 175 speaker cards from the public and the speakers were given the opportunity to address their comments to the Board.

Presenters: Karl Seckel, MWDOC, Mike Markus, Orange County Water District; Tom Luster, California Coastal Commission; Scott Maloni, Poseidon Water.

Regional Board Members asked questions to the presenters and to staff.

Item 2. Public Forum:

None

Adjournment – Chair Ruh adjourned the meeting at 8:34 p.m. to the regular Board Meeting of June 19, 2020, at 9:00 a.m. and announced that the meeting will be video and teleconference only with no physical location due to the COVID-19 emergency and the Governor’s Executive Order N-33-20. Chair Ruh thanked the public.

Respectfully submitted:
