

## **Notice of Section 401 Application Reception**

**File Number:** 302021-10

**Project Name:** Fairview Bridge Replacement and Street Improvements (9<sup>th</sup> Street to 16<sup>th</sup> Street) Project

**Date Application Date Posted:** 10/07/2021

**Received:** 9/20/2021

**Project City:** Santa Ana

**Project County:** Orange

**Applicant Organization:** City of Santa Ana Public Works

**Applicant Name:** Kenny Nguyen

**Waterboard Staff:** TBA

### **Brief Description of Project:**

**Project Description:** The purpose of the Project is to improve pedestrian/bicyclist safety and traffic flow on and in the vicinity of Fairview Street bridge. The City of Santa Ana in conjunction with the California Department of Transportation District 12, proposes to widen Fairview Street between 9<sup>th</sup> Street and 16<sup>th</sup> Street, including replacing the Fairview Street bridge crossing over the Santa Ana River in Santa Ana, California.

**Project Activities:** The bridge will be expanded from approximately 52 feet to 100 ft in width and will have the same roadway profile as the existing bridge. The eight pier walls that support the existing bridge would be removed, and four new pier walls would be constructed to support the new bridge. The Project would acquire partial right-of-way take from three parcels. An existing 12-inch water line and a bank of 12 phone conduits cross the Santa Ana River, suspended under the deck of the existing bridge. These utilities would need to be temporarily relocated to the new bridge. Construction vehicles would access the Santa Ana River from the gate and ramp at the County of Orange access road at the northwest corner of the bridge, and would use the existing concrete access ramp into the river approximately 250 ft west of the Project Area.
