Brief Description of Project:

Project Description: A surge of heavy rainstorms that occurred on Valentine's Day 2019 resulted in closure of SR-243 and SR-74 in both directions. The emergency work activities were needed to prevent and/or mitigate the loss or impairment of life, health, property, and essential services on this important state highway.

Project Activities: The project consisted of emergency repairs including excavation and backfill, debris removal, reconstruction of slope embankments, and repair and replacement of damaged drainage systems.
