

Notice of Section 401 Application Reception

File Number: 332021-13

Project Name: Limonite Gap Closure Project

Date Application Posted: 7/07/2021

Received: 6/16/2021

Project City: Eastvale

Project County: Riverside

Applicant Organization: City of Eastvale

Applicant Name: Jimmy Chung

Waterboard Staff: TBA

Brief Description of Project:

Project Description: This proposed bridge would allow for the continuation of Limonite Ave between Hellman Avenue and Archibald Avenue.

Project Activities: The project includes the construction of two bridges over Cucamonga Creek Cucamonga Creek Channel (CCC) Bridge: The CCC Bridge, approximately 330 feet long by 82 to 88 feet wide, would span across the CCC to allow continuation of Limonite Avenue. The CCC Bridge would be a 3-span precast concrete girder bridge supported by pier walls at the intermediate supports and located within the CCC. The CCC Bridge would include two lanes in each direction and a Class I Bike Lane/Multi-Use Trail with Raised Median Buffer. A 180-foot long, 12 to 16-foot wide pedestrian/bicycle bridge would be constructed approximately 1,000 feet south of the CCC Bridge to close the gap of an existing multi-use trail located within the Southern California Edison (SCE) easement/transmission line area.
