Project City: Mountain Home Village, Forest Falls, and Angelus Oaks

Project County: San Bernardino

Applicant Organization: CA Dept of Transportation District 08

Applicant Name: Scott Quinnell

Waterboard Staff: MZ

Brief Description of Project:

Project Description: On September 5, 2020, a fire started near the city of Yucaipa. Governor Gavin Newsom issued an emergency proclamation for San Bernardino due the now designated El Dorado Fire on September 6, 2020. The fire destroyed several hundred feet of guardrail, damaged multiple roadway signs, and burned most of the vegetation on both sides of the embankment on State Route 38 (SR-38). A Director's Order (1 L940) was verbally approved on September 25, 2020 to immediately address damages to get the roadway open.

Project Activities: The scope of work includes:

- a. Install new or repair/replace damaged debris retention devices/racks (flexible & rigid)
- b. Repair/replace/upsized damaged drainage systems (culverts, down drains, overside drains, headwalls, risers, HMA dikes, and earthen berms)
- c. Construct access roads to get to difficult locations
- d. Watershed/debris flow mitigation, such as earthen berms
- e. Erosion control/planting, such as hydroseeding and fiber rolls
- f. Slope stabilization, such as embankment armoring and rock slope protection (RSP)
- g. Traffic control
- h. Repair/replace pavement, signs, and safety items
- i. Other supporting work, such as COZEEP
