Applicant Organization: CRP LDF Palomino, LLC / CapRock Acquisitions, LLC

Applicant Name: Patrick Daniels

Waterboard Staff: HS

Brief Description of Project:

Project Description: The project is to construct a head wall that supports the street improvement work on First Street so that the entirety of the scope related to those improvements can be completed and First Street can be re-opened for public use (it is currently closed from Mountain Avenue to Parkridge Avenue).

Project Activities: The project has been designed to avoid and minimize as much as possible while still achieving the goal of improving First Street. Only 371 square feet of impacts to Corps/Regional Board jurisdiction is necessary. No impacts to wetlands or any vegetation will occur. The project contributes very minimally to cumulative impacts. First Street bisects the project area and impacts only occur immediately adjacent to existing First Street.
