

Notice of Waste Discharge Requirements (WDR) Application Reception

File Number: 362021-16

Project Name: Enhanced Recharge, Phase 1B, Phase A Project

Date Posted: 4/18/2022

Received: 12/23/2021

Project City: Highland

Project County: San Bernardino

Applicant Organization: San Bernardino Valley Municipal Water District

Applicant Name: Heather Dyer

Waterboard Staff: TBA

Brief Description of Project:

Project Description: The project proposes the construction of nine new basins in upland areas for groundwater recharge. The goal of the project, once operational, is increased groundwater recharge.

Project Activities: The project proposes the construction of nine new basins; construction of inter-basin connections; installation of new culverts; and the construction of dirt access roads. All project components will be constructed in upland areas. Note: this project is a component of a larger project, however only Phase A of the project is being submitted at this time. Phase B will be submitted as soon as design plans are complete.
