File Number: 362022-03

Project Name: Oakmont Park Tributary Rehabilitation Project

Date Posted: 4/04/2022

Received: 2/22/2022

Project City: Redlands

Project County: San Bernardino

Applicant Organization: City of Redlands

Applicant Name: John Harris

Waterboard Staff: KF

Brief Description of Project:

Project Description: The purpose of the Project is to 1) protect the natural environment and oak woodlands along the creek, 2) improve public safety and 3) protect both the existing trail system and recreational opportunities of Oakmont Park.

Project Activities: The City proposes improvements to prevent future erosion of the western bank of an unnamed creek through Oakmont Park unto the south of Sutherland Drive on the 2.6-acre property, and to replace the existing check dams in the channel. The proposed Project would result in repairs for flood control, replanting and trail repair, slope modification, and installation of retaining walls to improve the existing waterway channel and its associated hiking trail.
