**File Number:** 362022-22

**Project Name:** 1G66U SR-66& I-215 Roadway Rehabilitation, and Pedestrian facilities and bridge upgrade Project

**Date Posted:** 10/18/2022

**End of 21 Day Public Comment Period:** 11/08/2022

**Received:** 10/13/2022

**Project City:** San Bernardino

**Project County:** San Bernardino

**Applicant Organization:** California Department of Transportation (Caltrans) - District 8

**Applicant Name:** Adam Compton

**Waterboard Staff:** KF

### **Brief Description of Project:**

Project Description: The purpose of the proposed project is to complete the following work: Repair damaged pavement to improve ride quality, and to preserve and extend the life of the current pavement. Upgrade and expand pedestrian facilities to meet several goals of Caltrans' Complete Street policies to provide safe and accessible options for people walking and taking public transit, and to meet current standards of the Americans with Disabilities Act (ADA) and Caltrans' 2017 Design Information Bulletin (DIB) 82-06, Pedestrian Accessibility Guidelines for Highway Projects. Upgrade bridge rails and widen bridges to meet current crash and safety standards, and pedestrian accessibility standards

Project Activities: The California Department of Transportation (Caltrans), District 08, proposes to cold plane and overlay pavement, upgrading curb ramps to Americans with Disabilities Act Standards, installing and/or replacing detectable warning surface, adding sidewalk and bus pads, improving drainage facilities, upgrading bridge railings and widening bridges (State Route [SR]-66: Lytle Creek Channel, SR-66 East Branch Lytle Creek Channel, Interstate [I]-215: Little League Dr OC) including pier and abutments modification and extension, structural pile modification and extension, and relocating a 30-inch drainage pipe, relocating OH utilities to underground, upgrading existing bridge end treatments to the latest standards, for example, Crash Cushion.
