Applicant Name: Remon Habib

Waterboard Staff: TBA

Brief Description of Project:

Project Description: The proposed Murrieta Creek Multi-Use Trail Project is envisioned as a non-motorized, regional multi-use trail within the Lake Elsinore Back Basin. The proposed multi-use trail would be a 10-foot-wide paved trail and would include safety improvements for non-motorists, safety fences, pedestrian lights, and lake and mountain viewpoints along the trail.

Project Activities: The proposed multi-use trail would be a 10-foot-wide paved trail and would include safety improvements for non-motorists, safety fences, and lake and mountain viewpoints along the trail. The trail will be accessible via the Levee Trail, Stoneman Street, and Skylark Drive. The surface of the trail will consist of asphalt over a Class Two aggregate base. Split rail fencing will be mounted on either side of the trail with a 2-foot-wide decomposed granite (DG) or native landscape recovery zone between the fence and the asphalt path, for a total permanent impact width of 20 feet.
