Project City: Huntington Beach

Project County: Orange

Applicant Organization: David & Kimberly Tran, Tran Family Trust

Duly Authorized Representative Name: Jacquelyn Chung

Waterboard Staff: TBA

Brief Description of Project:

Project Description: Full removal of the existing dock and installation of a new structure designed to accommodate both a 70-foot and a 55-foot vessel.

Project Activities: We are proposing to remove the existing 837 sq. ft. U-shaped floating dock and 64 sq. ft. gangway a total of 901 square feet and replace it with a new 844 sq. ft. U-shaped floating dock and 84 sq. ft. gangway a total of 928 sq. ft. Remove (1) existing 14" round concrete piling and reuse the remaining (2) existing 14" round marina guide piling in their same location. Install (3) new 16" round marina guide piling. This will result in 7 square feet of additional overwater coverage and 3.94 feet of fill. Please note, the longer gangway will not increase overwater coverage by the additional length.
