Project Location: 34.065167° N, -117.227068° W

Project City and County: Redlands, San Bernardino

Applicant Organization: City of Redlands

Applicant Name: Goutam Dobey

Waterboard Staff: TBA

Brief Description of Project:

Project Description: To widen the west side of California Street, north of Redlands Boulevard and south of the existing Anthem Oil gas station to accommodate the high volume of motorists that utilize the roadway. The proposed activity within the Mission Zanja Channel consist of the construction of a reinforced concrete block triple culvert in order to improve this section of the Channel to it's ultimate condition.

Project Activities: California Street is classified as a Major Arterial roadway and the proposed widening Project is designed to accommodate the high volume of motorists that utilize the roadway to travel between residential areas, major activity centers, and the 1-10 and 1-215 freeways. The proposed activity within the Mission Zanja Channel consist of the construction of a reinforced concrete block triple culvert totaling fifty-four (54) feet wide and eleven (11) feet tall in the Mission Zanja Channel. The RCB culvert is comprised of concrete transition structures, a sloped concrete invert, the installation of a guard rail, and a 6-foot-tall chain link fence.
