

## **Notice of Intent Application Reception**

**File Number:** 362026-08

**Project Name:** Swarthout Canyon Road and Lone Pine Canyon Road Emergency Repairs- Dec 2025

**Received:** 2/03/2026

**Date Posted:** 2/06/2026

**End of 21 Day Public Comment Period:** 2/26/2026

**Project Location:** 34.28063° N, -117.478624° W

**Project City and County:** Cosy Dell area, San Bernardino

**Applicant Organization:** San Bernardino County Department of Public Works

**Applicant Name:** Arlene Chun

**Waterboard Staff:** CL

### **Brief Description of Project:**

Project Description: Recent storm events in December 2025, produced heavy rainfall that resulted in roadway washouts, erosion, and damage to drainage infrastructure along Swarthout Canyon and Lone Pine Canyon Road. The storm-related damage caused undermining of roadway sections, displacement of culverts, sediment and debris deposition, and unsafe travel conditions. These roadways provide critical access for residents and emergency responders, and damage has resulted in closures or restricted access.

Project Activities: The proposed emergency work includes restoring damaged roadway sections, stabilizing eroded embankments, and installing rock slope protection (RSP/riprap) to protect the roadways and prevent additional washouts. At Swarthout Canyon Road, damaged metal culvert pipes will be removed and replaced with a reinforced concrete dip crossing, along with roadway restoration and slope protection. At Lone Pine Canyon Road, eroded roadway segments will be restored and armored with RSP. Refer to Exhibit A for additional details.
