

Notes about the February 2008, June 2011, February 2016 and June 2019 updates...

The nature of these updates was to:

1. Update the formatting of the Plan, from a two column format to a full page width format (the February 2008 update);
2. Include the text, tables and exhibits of all Basin Plan amendments adopted since the Plan was last revised in 1995;
3. As called for by adopted Basin Plan amendments, remove text and tables from the Plan that have been replaced or deleted; and
4. Revise page numbers accordingly.

Question or comments concerning the updates or the Basin Plan can be directed to Dave Woelfel at David.Woelfel@waterboards.ca.gov or 951 782-7960 or Lauma Willis at Lauma.Willis@waterboards.ca.gov or 951 782-4920.
