Dear Dr. Candelaria,

As a boatowner, with a boat docked in Newport Harbor, I support the City of Newport Beach's view that adoption of the proposed Amendments to the Water Quality Control Plan for the Santa Ana Region be delayed giving all concerned parties opportunities for continued discussion of those concerns and presentation of going forward ideas.

Sincerely,

A handwritten signature in black ink that reads "Nina Manning". The signature is written in a cursive style with a long, sweeping tail that extends to the right.
