Designated UST Operator Visual Inspection Report
Spill Containment Inspection Continuation Page

CERS ID	Facility Name	Inspection Date
---------	---------------	-----------------

9. UST SYSTEM INSPECTION (continued)

Is the **spill containment** free of damage, water, debris, and hazardous substances? Is the fill pipe free of obstructions? Is fill cap securely on the fill pipe?

[illegible]

*All answers marked “No” must be described by the designated UST operator in **Section 3**.*
