EXHIBIT A-1 – SCOPE OF WORK

A. BACKGROUND AND GOALS

This portion of the scope of work is devoted to answering the question, "Why is the proposed service/work needed?" Provide a brief problem statement. This is where you will also briefly summarize the goals of the proposed contract. Be as clear and concise as possible. The scope of work requires quality of information, not necessarily quantity. This is also the place to note the cooperators for the project.

B. WORK TO BE PERFORMED

START WORK STATEMENT HERE

The *Statement of Work* is considered the "meat" of the contract because it clearly defines the exact steps the Contractor will take to complete each task. It should be a logical, sequential description of the work to achieve their stated goals(s). In addition to a list of deliverables at the end of each task, you may also list the activities accomplished in performance of the task (optional).

APPROACH THE STATEMENT OF WORK AS IF YOU WERE LEAVING AND THE PERSON WHO TAKES YOUR PLACE MUST PICK IT UP AND COMPLETELY UNDERSTAND THE WORK TO BE COMPLETED BY THE CONTRACTOR UNDER THIS CONTRACT.

The Contractor shall be responsible for the performance of the work as set forth herein below and for the preparation of products and a final report as specified in this Exhibit. The Authorized Representative shall promptly notify the Contract Manager of events or proposed changes that could affect the scope, budget, or schedule of work performed under this agreement.

Task 1. Project Management and Administration (Task 1 must always be administration.)

- 1.1 *Provide all technical and administrative services as needed for contract completion; monitor, supervise and review all work performed; and coordinate budgeting and scheduling to assure that the contract is completed within budget, on schedule, and in accordance with approved procedures, applicable laws, and regulations.*
- 1.2 *Ensure that the contract requirements are met through completion of quarterly/monthly progress reports and through regular communication with the Contract Manager. The progress reports shall describe activities undertaken and accomplishments of each task during the quarter/month, milestones achieved, and any problems encountered in the performance of the work under this contract. The description of activities and accomplishments of each task during the quarter shall be in sufficient detail to provide a basis for payment of invoices and shall be translated into percent of task work completed for the purpose of calculating invoice amounts.*
- 1.3 *State Disclosure Requirements - Include the following disclosure statement in any document, written report, or brochure prepared in whole or in part pursuant to this contract:*

"Funding for this project has been provided in full or in part through a contract with the State Water Resources Control Board (SWRCB) pursuant to the Costa-Mesa Water Act of 2000 (Proposition 13) and any amendments thereto for the implementation of California's Nonpoint Source Pollution Control Program. The contents of this document do not necessarily reflect the views and policies of the SWRCB, nor does mention of trade names or commercial products constitute endorsement or recommendation for use." (Gov. Code 7550, 40 CFR 31.20)

The Contractor shall include in each of its contracts for work under this contract a provision that incorporates the requirements stated within this subtask.

- 1.4 *The Contractor and any of its contractors shall notify the Contract Manager at least ten working days prior to any public or media event publicizing the accomplishments and/or results of this contract and provide the opportunity for attendance and participation by SWRCB representatives.*

Task Deliverables: 2.1 CEQA Documentation; 2.2 permits.

Task 3: Quality Assurance Project Plan (if applicable)

- 3.1 Prepare and maintain a Quality Assurance Project Plan (QAPP). Language can be substituted to reference an approved existing QAPP. The Contract Manager prior to the implementation of any sampling or monitoring activities shall approve the QAPP.

Task Deliverables: 3.1 QAPP

Task 4: Statement of Work

- 4.1 When writing the Statement of Work, describe in detail the following elements:

- B. Invoices shall include the Agreement Number and shall be submitted in triplicate not more frequently than monthly in arrears to:

Name

In the event of an invoice dispute the Contract Manager shall notify Contractor by Initiating a Standard Form 209 INVOICE DISPUTE NOTIFICATION. Payment will not be made until the dispute has been resolved and a corrected invoice submitted. The Contract Manager is required to approve all invoices for reimbursement. Only invoices for costs incurred after July 1, 2001, with all appropriate backup documents (supporting itemized invoice) attached will be approved.

The invoices shall include the following information:

EXHIBIT B – BUDGET DETAIL AND PAYMENT PROVISIONS

D. Computing the Amount Due

Payment will be made upon submittal of an invoice which details the percentage of each task completed based on work not dollars spent. Notwithstanding any other provision of this contract, the Contractor agrees that the SWRCB may retain an amount equal to ten percent of the grant amount specified in this contract until completion of the Project to the satisfaction of the Division. Any retained amounts due to the Contractor will be promptly disbursed to the Contractor, without interest, upon completion of the Project.

E. Matching Funds

If projects include capital costs, the project applicant shall identify those costs. The local matching contribution required by subdivision (f) of Section 79148.8 of the Water Code may be satisfied by in-kind match that meets all or a portion of local cost share required by subdivision (f) of Section 79148.8 of the Water Code. For the purposes of determining the capital cost of the Project, the in-kind match shall be included in the total project cost. The "Contractor" shall provide a matching contribution for the portion of the project consisting of capital expenditures for construction, according to the following formula:

Project Capital Cost = Capital Cost Match by Recipient
\$1,000,000 to \$5,000,000, inclusive = 20%
\$125,000 to \$999,999, inclusive = 15%
\$1 to \$124,999, inclusive = 10%

F. Final Invoice

The final invoice should include the amount of the remainder of the contract work. The invoice must be clearly marked **FINAL INVOICE**.

G. Backup Documents

It is necessary to provide monthly/quarterly reports, task products due, and vendor invoices for the purchase of equipment (items over \$5000) as attachments to the invoices. You must, however, keep copies of all vendor invoices, timesheets, and any other documents related to the project for future audit purposes.

H. Payment of Project Costs

I. Prompt Payment Clause

Payment will be made in accordance with, and within the time specified in, Government Code Chapter 4.5 commencing with Section 927.

EXHIBIT B – BUDGET DETAIL AND PAYMENT PROVISIONS

J. Withholding of Grant Disbursements

The SWRCB may withhold all or any portion of the grant funds provided for by this contract in the event that:

- (2) The Contractor fails to maintain reasonable progress toward completion of the Project.

K. Fiscal Management Systems and Accounting Standards

The Contractor shall comply with state standards for financial management systems. At a minimum, the Contractor's fiscal control and accounting procedures shall permit preparation of reports required by the state and tracking of grant funds to a level of expenditure adequate to establish that such funds have not been used in violation of state law or the terms of this contract. The Contractor shall maintain separate Project accounts in accordance with generally accepted government accounting standards.

3. ONE-TIME ADVANCE PAYMENT (OPTIONAL)

If the Contractor is interested in requesting advance payment, the following task must be added to the scope of work:

Prepare a written justification for a one-time advance payment up to 25 percent of the total contract amount. The written justification must contain the need for the advance payment and must justify the advance payment costs by category (i.e., cash flow, equipment or supply purchases, advancing funds to the subcontractor to begin work). The written justification must contain a proposed time frame for accounting for the recoupment of the advance payment during the contract invoicing process. This recoupment schedule will be an approved written agreement between the Contractor and the Contract Manager and the agreed upon scheduled recoupment amounts will be deducted from future invoices. Submit the written justification to the Contract Manager for review and approval. Once the written advance payment justification has been approved by the Contract Manager, the Project Director will submit an invoice for the approved payment consisting of an original and two copies to the Contract Manager. All subsequent invoices shall be in the format provided with the advance payment approval (sample invoice will be attached).

Setup separate bank account for the advance payment (even for one-time purchase of equipment). Submit bank statements yearly or at the end of the reconciliation of the advance payment funds depending on the accounting recoupment schedule that details any interest earned on the account. All interest earned must be returned to the State Board via the Accounting Office. All checks must include the Program Name and the Contract Number.

4. LIMITATION OF FUNDING:

The maximum amount payable under this agreement shall not exceed \$_____.

Limitation of State Liability: The maximum amount to be encumbered under this agreement for the 2001 fiscal year ending June 30, 2002 shall not exceed \$_____.

EXHIBIT B – BUDGET DETAIL AND PAYMENT PROVISIONS

5. BUDGET CONTINGENCY CLAUSE

- A. It is mutually agreed that if the Budget Act of the current year and/or any subsequent years covered under this Agreement does not appropriate sufficient funds for the program, this Agreement shall be of no further force and effect. In this event, the State shall have no liability to pay any funds whatsoever to Contractor or to furnish any other considerations under this Agreement and the Contractor shall not be obligated to perform any provisions of this Agreement.

- B. If funding for any fiscal year is reduced or deleted by the Budget Act for purposes of this program the State shall have the option to either cancel this Agreement with no liability occurring to the State, or offer an agreement amendment to Contractor to reflect the reduced amount.

In connection with any appeal under this Section, the Contractor shall be afforded an opportunity to be heard and to offer evidence and argument in support of the appeal. Pending final decision on any dispute hereunder, the Contractor shall proceed diligently with the performance of the Agreement work as directed by the Contract Manager unless the Contractor has received notice of termination. Any substitutions in, or additions to, such subcontractors, associates, or consultants, shall be subject to the prior written approval of the Contract Manager.

Any waiver of rights with respect to a default or other matter arising under the Agreement at any time by either party shall not be considered a waiver of rights with respect to any other default or matter.
