Soil Map—San Joaquin County, California; and Stanislaus County, California, Western Part

MAP LEGEND

Area of Interest (AOI)

Soils

Special Point Features

Blowout
Borrow Pit
Clay Spot
Closed Depression
Gravel Pit
Gravelly Spot
Landfill
Lava Flow
Marsh or swamp
Mine or Quarry
Miscellaneous Water
Perennial Water
Rock Outcrop
Saline Spot
Sandy Spot
Severely Eroded Spot
Sinkhole
Slide or Slip
Sodic Spot
Spoil Area
Stony Spot

Special Line Features

Gully
Short Steep Slope
Other

Political Features

Cities

Water Features

Oceans
Streams and Canals

Transportation

Rails
Interstate Highways
US Routes
Major Roads

MAP INFORMATION

Map Scale: 1:27,500 if printed on A size (8.5” × 11”) sheet.
The soil surveys that comprise your AOI were mapped at 1:24,000.
Please rely on the bar scale on each map sheet for accurate map measurements.

Source of Map: Natural Resources Conservation Service
Coordinate System: UTM Zone 10N NAD83

This product is generated from the USDA-NRCS certified data as of the version date(s) listed below.

Soil Survey Area: San Joaquin County, California
Survey Area Data: Version 6, Jul 25, 2008

Soil Survey Area: Stanislaus County, California, Western Part
Survey Area Data: Version 6, May 11, 2009

Your area of interest (AOI) includes more than one soil survey area. These survey areas may have been mapped at different scales, with a different land use in mind, at different times, or at different levels of detail. This may result in map unit symbols, soil properties, and interpretations that do not completely agree across soil survey area boundaries.

Date(s) aerial images were photographed: 6/30/2005; 6/13/2005
The orthophoto or other base map on which the soil lines were compiled and digitized probably differs from the background imagery displayed on these maps. As a result, some minor shifting of map unit boundaries may be evident.
