Statewide			

Supplier Name	Revised Standard	Original Standard	Data Revision Justification
Arcata City of	4%	8%	Meets qualifications outlined in California Code of Regulations,
Benicia City of	20%	28%	title 23, section 865, subdivision (c)(2)  Revised PRU appears reasonable based on supplier's annual production and residential data for 2013/2014.
Beverly Hills City of	32%	36%	Revised population and PRU based on current data and appear reasonable.
Big Bear City Community Services District	16%	24%	Revised population uses SWRCB approved method. PRU changed to account for water required to protect environment/endangered spiecies.
Buena Park City of	20%	24%	Original PRU included institutional use, which was subsequently removed. New PRU is consistent with suppliers reporting to DWR. No changes to population were made.
Burbank City of	24%	28%	Revised population data is consistent with DOF population estimates and Revised PRU is reasonably consistent with use patterns contained in the City's 2010 UWMP.
Calaveras County Water District	16%	32%	Total production was modified to exclude wholesale water. Revised PRU and population accounts for seasonal population increases based on information the supplier collected from local tourism authorities and studies conducted in the Lake Tahoe region.
Camrosa Water District	32%	36%	Updated population to account for customers outside of the City Boundary, but within the service area. University population was also included and University water use was moved from the CII sector to the residential sector accordingly.
Casitas Municipal Water District	32%	36%	These changes reduced PRU and R-GPCD. PRU appears reasonable with respect to the district's 2010 UWMP. 2014 and 2013 data resubmitted to correct total water production.
City of Big Bear Lake, Dept of Water & Power	16%	12%	Revised production subtracted water supplied to another water supplier. Revision appears reasonable.
Corona City of	28%	32%	7/14 PRU was incorrectly reported as 100%. New PRU is similar to surrounding months. Population did not account for unincorporated areas outside of City, but within service area or growth since 2010. New population aligns with census data.
Crestline Village Water District	8%	16%	Revised PRU accounts for transient population. Calculation appears reasonable.
Del Oro Water Company	24%	28%	Revised PRU appears accurate based on raw data provided by supplier. Original PRU used total billed water as the denomenator instead of total water produced.
Discovery Bay Community Services District	32%	36%	Engineering firm conducted an analysis of the district. Revised PRU based on firm's assessment and appears reasonable.
Dublin San Ramon Services District	12%	16%	Primary change was updated population for the month of 7/14, which was originally left as the default value, minor changes to PRU appear reasonable based on 2010 UWMP use patterns.
El Monte City of	8%	20%	Revised PRU appears reasonable based on supplier billing. The need for future adjustments were noted in the original submission.

Data current as of 7/15/15. Page 1 of 4

	Revised	Original	
Supplier Name	Standard	Standard	Data Revision Justification
Elk Grove Water Service	28%	32%	Original population did not account for portions of the service are not within the city boundary. PRU was adjusted from estimates to actual data. New population appears to align with the suppliers' 2010 UWMP. Revised population determined using SWRCB suggested methodology.
Eureka City of	4%	24%	Meets qualifications outlined in California Code of Regulations, title 23, section 865, subdivision (c)(2)
Garden Grove City of	20%	28%	The decrease in the percent residential use is due to previously using the number of residential accounts to calculate the percent residential use instead of the volume of water used by the residential accounts. The City also revised the calculations for monthly volume of water used by residential accounts for more accuracy due to the bi-monthly billing cycles. The population was revised to match the City's UWMP. Garden Grove's Total Monthly Water Production was adjusted to remove IPR
Georgetown Divide Public Utilities District	32%	36%	Revised PRU appears reasonable based on supplier billing data.  Original submission of 100% was not accurate.
Golden State Water Company Claremont	32%	36%	Updated population used an accepted SWRCB methodology. Revised PRU used actual 2014 data rather than estimates.
Golden State Water Company West Orange	16%	20%	Supplier population was reduced. PRU was also reduced to a level that is reasonable consistent to use patterns reported in the Suppliers 2010 UWMP.
Healdsburg City of	24%	28%	Revised production accounts for wholesale water. Revised PRU uses actual billing data instead of estimates. Population updated based on current census numbers.
Humboldt Bay Municipal Water District	4%	28%	Meets qualifications outlined in California Code of Regulations, title 23, section 865, subdivision (c)(2).
Huntington Park City of	8%	12%	Original PRU based on number of connections not residential consumption. Revised data accurately presents new PRU.
Imperial, City of	24%	32%	Revised PRU appears adequate with respect to the revised PRU and information in the City's 2010 UWMP.
Indio City of	32%	36%	Population was revised to match DOF 2014 numbers plus an additional 5% for the areas outside of the municipal boundaries.
Kerman, City of	32%	36%	Revised population based on census data. Revised PRU appears reasonable based on supplier data.
La Palma City of	20%	28%	Revised PRU appears resonable with respect to the city's UWMP. Population update from DOF.
Lakeside Water District	24%	20%	Revised population in accordance with UWMP projections.
Lamont Public Utility District	28%	32%	Revision to PRU to account for migrant population during April through November and the use of billing data rather than estimates appears reasonable
Lincoln City of	32%	36%	Revised population data is consistent with DOF population estimates and revised PRU accounts for the system's high leaks.
Lodi City of Public Works Department	32%	36%	PRU updated to reflect 2014 information and waterloss. Original PRU used 2012 estimates.
Loma Linda City of	32%	36%	Revised PRU appears reasonable with respect to the City's 2010 UWMP
Los Banos, City of	28%	36%	Revised PRU based on actual residential use versus estimates.

Data current as of 7/15/15. Page 2 of 4

Supplier Name	Revised Standard	Original Standard	Data Revision Justification
Madera City of	28%	32%	Revised population data is consistent with DOF population estimates; revised production totals account for water sold to Madera County under emergency circumstances.
Manhattan Beach City of	20%	24%	PRU revised to account for accurate residential consumption. Original PRU used residenial connections not consumption.
McKinleyville Community Service District	4%	16%	Meets qualifications outlined in California Code of Regulations, title 23, section 865, subdivision (c)(2)
Mission Springs Water District	28%	32%	Revised PRU appears accurate and aligns with details in the District's 2011 UWMP.
Montecito Water District	32%	36%	Revised production totals removed nonpotable water. Revised PRU appears resaonable when compared with the District's 2010 USBR WMP.
Napa City of	20%	24%	Population change is comparable with 2010 UWMP. PRU reduction was nominal and based upon lost water due to an earthquake event causing non-residential water loss.
Oakdale City of	36%	36%	Revised population appears legitimate (minor changes between 200 and 600 depending on the month).
Olivenhain Municipal Water District	32%	36%	Population estimates updated based on analyses conducted by DOF and documented by the supplier.
Orchard Dale Water District	12%	24%	Revised PRU appears reasonable with respect to the District's 2010 UWMP. Revised population appears consistent with Census data.
Padre Dam Municipal Water District	20%	24%	PRU corrected. Original data came from 2014 EAR, which contained incorrect information on residential volumes.
Port Hueneme City of	8%	12%	Revised PRU appears resonable with respect to the city's 2010 UWMP
Sacramento Suburban Water District	32%	36%	Original PRU included non-revenue water and CII water. New PRU aligns with 2010 UWMP.
San Bernardino County Service Area 64	32%	36%	Revised PRU appears reasonable and in line with supplier's 2010 UWMP.
San Bernardino County Service Area 70	28%	32%	Revised PRU appears reasonable and in line with supplier's 2010 UWMP.
San Clemente City of	24%	28%	Revised PRU removed commercial irrigation.
Santa Barbara City of	12%	16%	Total monthly production figures revised to include potable water used with recycled water for ag and other customers.
Santa Margarita Water District	28%	24%	Original PRU calculation was incorrect. Revised PRU appears reasonable and aligns with the district's 2010 uwmp.
Shasta Lake City of	28%	32%	PRU was originally reported incorrectly as 100. Revised PRU appears resonable with respect to the city's 2010 UWMP.
South Tahoe Public Utilities District	20%	28%	Revised PRU accounts for seasonal population increases as supported by various reports/studies collected by the supplier.
Torrance City of	20%	24%	Updates to population and PRU are consistent with the city's 2010 UWMP and similar un-revised months.
Trabuco Canyon Water District	28%	32%	Revised porduction subtracted backwash water. Population updated based on SWRCB approved methodology. Revised PRU appears reasonable based on supplier audit.
Vernon City of	8%	12%	Corrected production totals. Original totals had an error.

Data current as of 7/15/15. Page 3 of 4

Supplier Name	Revised Standard	Original Standard	Data Revision Justification
Vista Irrigation District	20%	24%	Original reports did not include non-revenue water in TMP, which resulted in revised PRU. No changes to population were made.

Data current as of 7/15/15. Page 4 of 4
