SUBJECT: STATE WATER RESOURCES CONTROL BOARD PROPOSED

MATERIALS TO WATERS OF THE STATE

Thank you for the opportunity to provide comments on the State Water Resources Control Board's (State Board) proposed procedures for Discharges of Dredge or Fill Materials to Waters of the State. The San Joaquin County Department of Public Works supports the comment letter provided by the California State Association of Counties (CSAC) and the Rural County Representatives of California (RCRC). Please accept this letter and the enclosed comment letter from CSAC and RCRC for your records.

To reiterate a critical point, the Department of Public Works respectfully requests that the State Board accept comments on the entirety of all future draft proposals and not limit comments to only the changes made. Future drafts with tracked changes are also helpful and preferred.

Should you have any questions, please contact Fritz Buchman, Deputy Director/Development, at (209) 468-3101.

Sincerely,

KRIS BALAJI, PMP, P.E.
