Subject: Comment Letter - Wetland and Riparian Area Protection Policy

Wetland/Riparian Policy
Deadline: 4/19/07 12 noon

California has already lost a great deal of its wetlands. The Supreme Court and federal agencies don't seem to be interested in protecting them. Once again, California needs to lead the way and set an example for environmental regulation. I am writing to urge you to choose the most protective of your four alternatives in developing your policy for our state.

Sincerely,

Diana Hickson
