V. Conditions

A. Scope of Authorization

This Notice of Applicability (NOA) for enrollment under the State Water Board General Order for the Nationwide Permits

(Order No. [WQ] 2021-0048-EXEC; SWRCB ID SB21031GN; hereafter referred to as the General Order) is issued at the request of City of Cerritos (Applicant).

The General Order can be accessed at [the Clean Water Act Section 401 - Certification and Wetlands Program, General Orders webpage](https://www.waterboards.ca.gov/water_issues/programs/cwa401/generalorders.html#yr_2021)

(https://www.waterboards.ca.gov/water_issues/programs/cwa401/generalorders.html#yr_2021). On April 18, 2025, the State Water Board received a complete Notice of Intent requesting authorization for the Applicant's Del Amo Boulevard Bridge Replacement and Signal Enhancement Project (Project). After reviewing the Notice of Intent, the State Water Board has determined that the Project meets General Order enrollment requirements.

The Project may proceed only as described in the NOI and in accordance with the conditions in State Water Board General Order No. [WQ] 2021-0048-EXEC. Coverage under the General Order is no longer valid if the Project, as described in the NOI, is modified.

¹ Includes only temporary direct impacts to waters of the state and does not include upland areas of temporary disturbance which could result in a discharge to waters of the state. Temporary impacts, by definition, are restored to pre-project conditions and therefore do not include a physical loss of area or degradation of ecological condition.

B. Reporting and Notification Requirements

The Applicant shall submit Report Types 2 and 3 as described in Attachment B, "Report and Notification Requirements" of the General Order. The Applicant must also submit Report Types 4 through 9 if the Project encounters the conditions described in these Report Types. The Applicant must submit all reports and information according to the Report Submittal Instructions found in Attachment B, "Report and Notification Requirements," of the General Order.

VI. California Environmental Quality Act

The State Water Board has determined that the Project is exempt from review under the California Environmental Quality Act pursuant to California Code of Regulations, title 14, section 15306 - Information Collection. Additionally, the State Water Board finds that no exceptions to the exemptions apply to the activities approved by this NOA. The State Water Board will file a Notice of Exemption at the State Clearinghouse within five (5) working days of issuance of this NOA.

VII. Certification Fees

A fee payment of \$4,212 was received by the State Water Board on April 21, 2025. The fee amount was determined as required by California Code of Regulations, title 23, sections 3833(b)(3) and 2200(a)(3) and was calculated as category E - Low Impact Discharges (fee code 87).

VIII. Public Notice

The State Water Board provided public notice of the NOI from March 10, 2025 to March 31, 2025. The State Water Board did not receive any comments.

IX. Notice of Applicability

I hereby issue this Notice of Applicability for the City of Cerritos Del Amo Boulevard Bridge Replacement and Signal Enhancement Project.
