Hazem Gabr
Water Quality Section Manager,
Corporate Environmental Services
Southern California Edison
2244 Walnut Grove Ave
Rosemead, CA 91770

Dear Hazem Gabr,

***NOTICE OF APPLICABILITY OF STATE WATER BOARD CERTIFICATION OF THE 2017
NATIONWIDE PERMIT 12, TD1162070 TENNESSEE-YUCAIPA 66kV DETERIORATED
POLE REPLACEMENT PROJECT***

Enclosed please find a Notice of Applicability (NOA) authorized by State Water Resources Control Board Deputy Director for Water Quality, Karen Larsen. This NOA is issued to Southern California Edison for the TD1162070 Tennessee-Yucaipa 66kV Deteriorated Pole Replacement Project (Project). Attachment A of the Enclosure is also part of this NOA.

This NOA is issued in response to an application submitted by Southern California Edison for proposed Project discharge to waters of the state, to ensure that the water quality standards for all waters of the state impacted by the Project are met. You may proceed with your Project according to the terms and conditions of the enclosed NOA and General Order.

If you require further assistance, please contact me by phone at (916) 327-8117 or by email at Alexander.Lopez@waterboards.ca.gov. You may also contact Bill Orme, Chief of the Water Quality Certification and Wetlands Unit, by phone at (916) 341-5464 or by email at Bill.Orme@waterboards.ca.gov.

Sincerely,

Alex Lopez
Environmental Scientist
Division of Water Quality – Water Quality Certification and Wetlands Unit
State Water Resources Control Board

Attachment A State Water Board Certification of the 2017 Nationwide Permits

I. Action

This document serves as a Notice of Applicability (NOA) for enrollment under the State Water Resources Control Board (State Water Board) Certification of the 2017 Nationwide Permits (SWRCB ID SB17001GN; "General Order" -see Attachment A) . On October 25, 2017, Southern California Edison (Applicant) filed a Notice of Intent (NOI) requesting authorization for the TD1162070 Tennessee-Yucaipa 66kV Deteriorated Pole Replacement Project (Project). After reviewing the NOI, State Water Board staff determined that the Project meets General Order requirements.

II. Project Purpose

As described in the Project NOI and supplemental information ("Application"), which is incorporated herein by reference, the purpose of the Project is to remove two deteriorated wood distribution poles and replace them with new wood poles, along with a 3-foot diameter protective caisson.

III. Project Location

The Project is located in an ephemeral drainage on the north side of Calimesa Boulevard, approximately 0.52 miles northwest of the intersection of Calimesa Boulevard and Avenue F, in Yucaipa, San Bernardino, California. The Project coordinates are 34°0'54.38" N, 117°5'2.15" W.

IV. Receiving Waters information

The Project is in the jurisdiction of the Santa Ana Regional Water Quality Control Board. Receiving waters and groundwater potentially impacted by this Project are listed in Table 1 and protected in accordance with the applicable water quality control plans (Basin Plan) for the region and other plans and policies, which may be accessed online at: http://www.waterboards.ca.gov/plans_policies/.

Table 1: Receiving Water Information						
Impact Site ID	Waterbody Name	Impacted Aquatic Resource Type	Water Board Hydrologic Units	Receiving Waters	Receiving Waters Beneficial Uses	303d Listing Pollutant
1	Unnamed blue-line stream	Ephemeral Drainage	801.66	Yucaipa Creek, San Timoteo Creek, and Santa Ana River	MUN, AGR, IND, FRESH	none

V. Direct Impacts to Waters of the State

Total Project fill/excavation quantities for all impacts are summarized in Table 2.

Table 2: Total Project Fill/Excavation Quantity¹									
Aquatic Resource Type	Temporary Impact ²			Permanent Impact					
				Physical Loss of Area			Degradation of Ecological Condition Only		
	Acres	CY	LF	Acres	CY	LF	Acres	CY	LF
Stream Channel	0.042		100	0.001	1	3			

VI. Description of Indirect Impacts to Waters of the State

The State Water Board recognizes the potential for indirect impacts to waters of the state associated with the Project. Indirect impacts are those caused by a project that may occur either later in time or at some distance from the project site but that are still reasonably foreseeable. The Project, as designed, will not have significant indirect impacts to waters of the state.

VII. Avoidance and Minimization

In order to avoid and minimize impacts to waters of the state and their designated beneficial uses, the Applicant will follow the avoidance and minimization measures as proposed in their Application.

¹ Cubic Yards (CY); Linear Feet (LF)

² Includes only temporary direct impacts to waters of the state and does not include upland areas of temporary disturbance which could result in a discharge to waters of the state.

VIII. Mitigation for Temporary and Permanent Impacts

All temporarily affected areas will be restored to pre-construction contours and conditions upon completion of construction activities in compliance with the General Order and according to the restoration plan submitted by the Applicant in the NOI.

The Applicant has provided a letter of credit in favor of the State Water Board to provide security against a default in providing the required compensatory mitigation. By January 15, 2019, the Applicant shall submit a mitigation plan to the State Water Board in accordance with Section XIII.F.2.e.ii.2 of the General Order. By June 1, 2019, the applicant shall submit proof of credit purchase in accordance with Section XIII.F.2.e.ii.3 of the General Order.

Total required Project compensatory mitigation information for permanent physical loss of area is summarized in Table 3.

Table 3: Required Project Compensatory Mitigation Quantity for Permanent Physical Loss of Area³								
Aquatic Resource Type	Comp Mit. Type⁴	Units	Method⁵					
			Est.	Re-est.	Reh.	Enh.	Pres.	Unknown
Stream Channel	PR	Acres						0.001

IX. California Environmental Quality Act (CEQA)

State Water Board staff has determined that the Project is exempt from review under the California Environmental Quality Act (CEQA) pursuant to California Code of Regulations, title 14, section 15301. Additionally, State Water Board staff concludes that no exceptions apply to the activities approved by this Certification.

X. Certification Fees

A fee payment of \$200 was received by the State Water Board on October 25, 2017. No additional fees are required. The fee amount was determined as required by California Code

³ For Staff use only: Record quantities in CIWQS table side A for Compensatory Mitigation for Permanent Physical Loss of Area.

⁴ Compensatory mitigation type may be: In-Lieu-Fee (ILF); Mitigation Bank (MB); Permittee-Responsible (PR)

⁵ Methods: establishment (Est.), reestablishment (Re-est.), rehabilitation (Reh.), enhancement (Enh.), preservation (Pres.). Unknown applies to advance credits with an unknown method and or location.

of Regulations, title 23, sections 3833(b)(3) and 2200(a)(3), and was calculated as category F - General Orders for CEQA Exempt Projects (fee code 19).

XI. Authorization

To comply with State law, this Project must proceed as described in the Application submitted to the State Water Board by the Applicant and in concordance with the conditions in the General Order. Coverage under the General Order is no longer valid if the Project (as described) is modified. The Project must proceed in accordance with the requirements contained in this Notice of Applicability (NOA) and the General Order.

You should familiarize yourself with the contents of the General Order (Attachment A). You may also find the General Order on the State Water Resources Control Board's website at: http://www.waterboards.ca.gov/water_issues/programs/cwa401/docs/generalorders/nwp_go.pdf.

XII. Reporting and Notification Requirements

The Applicant shall submit an Annual Report each year on the anniversary of the effective date of this NOA until a Notice of Project Complete is issued to the Applicant. Notices and reporting shall be provided to the State Water Board according to section XIII.A. and the Notification Requirements described in the General Order.

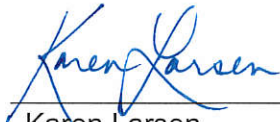

Electronic Document Submittal: The Applicant must submit all reports and information required under this Certification in electronic format via email to SWBNWP12@Waterboards.ca.gov. Each electronic document must be submitted as a single file, in Portable Document Format (PDF), and converted to text searchable format using Optical Character Recognition (OCR). Documents over 50 megabytes (MB) will not be accepted via email and must be placed on a disc and delivered to the addresses listed above.

XIII. Water Quality Certification

I hereby issue this Notice of Applicability for the TD1162070 Tennessee-Yucaipa 66kV Deteriorated Pole Replacement Project, certifying that as long as all of the conditions listed in the General Order are met, any discharge from the referenced Project will comply with the applicable provisions of Clean Water Act sections 301 (Effluent Limitations), 302 (Water Quality Related Effluent Limitations), 303 (Water Quality Standards and Implementation Plans), 306 (National Standards of Performance), and 307 (Toxic and Pretreatment Effluent Standards).

The State Water Board will file a Notice of Exemption (NOE) at the State Clearinghouse within five (5) working days of issuance of this NOA. This discharge is also regulated pursuant to State Water Board Water Quality Order No. 2003-0017-DWQ which authorizes Water Quality Certifications to serve as Waste Discharge Requirements pursuant to the Porter-Cologne Water Quality Control Act (Wat. Code, § 13000 et seq.).

Except insofar as may be modified by any preceding conditions, all NOA actions are contingent on: (a) the discharge being limited and all proposed mitigation being completed in strict compliance with the conditions of the General Order and the attachments to the General Order; and, (b) compliance with all applicable requirements of Statewide Water Quality Control Plans and Policies, the Regional Water Boards' Water Quality Control Plans and Policies.

Karen Larsen
Deputy Director, Division of Water Quality
State Water Resources Control Board
