

# What’s New for 2022 (and Future Water Reporting Years) New Legislation Consolidates All Water Use Reporting Periods and Due Dates

## New Water Reporting Deadlines

- Recent legislation ([Senate Bill 155](#), a budget trailer bill effective September 23, 2021), modifies the water use reporting periods and deadlines. The legislation consolidates **all** water use reporting periods to the **standard water year** (October 1 through September 30).
- The new law also consolidates the due dates for all water use reports to February 1 of the ensuing year and provides a protocol for the **transition to the new periods and due dates**.

## Transition Period

- **Due April 1, 2022:** In 2022, water right holders must report on their water use for the nine-month “stub period” **between January 1 and September 30, 2021**.

## New (and Ongoing) Reporting Deadline

- **Due February 1, 2023:** Reports of water use during the current water year, **October 1, 2021 through September 30, 2022**.
- For water years thereafter, all reports of water use are due the following **February 1**.

Reporting Period	Reporting Deadline	Water Board Reporting Forms Available
January 1, 2021 - September 30, 2021	April 1, 2022	January 3, 2022
October 1, 2021 - September 30, 2022	February 1, 2023	October 1, 2022
October 1, 2022 - September 30, 2023	February 1, 2024	October 1, 2023

(Continued...)

The tables below provide a visual depiction of the changes and the transition. The left table shows the months during which water use occurs. Note the nine-month “stub period” for reporting water use between January 1 and September 30, 2021. The right table identifies the corresponding due date for each reporting period. The color shading of the reporting periods in the left table correspond to the shading for each of the dates on which reports are due in the right table. Water use reports for calendar year 2020 (unaffected by the new law) were due in April/July of 2021. Use during January thru September 2021 (the stub period) will be reported by April 1, 2022 for both Reports of Licensee and Statements of Diversion and Use. Reports of water use during the Water Year beginning October 1, 2021 and ending September 2022 will be reported by February 1, 2023. For Water Years thereafter, all reports of water use are due the following February 1.

### Water Use Reporting Periods

2020	2021	2022	2023
January	January	January	January
February	February	February	February
March	March	March	March
