NOTICE OF OPPORTUNITY FOR PUBLIC COMMENT

DRAFT CLEANUP AND ABATEMENT ACCOUNT FUNDING PROGRAM GUIDELINES

NOTICE IS HEREBY GIVEN that the State Water Resources Control Board (State Water Board) will receive public comments on the Draft Cleanup and Abatement (CAA) Funding Program Guidelines (Guidelines), dated October 2018.

NOTICE IS ADDITIONALLY HEREBY GIVEN that the State Water Board will consider adoption of the Guidelines as early as the Tuesday, December 11, 2018 State Water Board Meeting.

BACKGROUND

The CAA is established by Water Code sections 13440 to 13443. The CAA is funded by various monies including those: appropriated by the Legislature; collected as part of criminal penalties or civil proceedings brought pursuant to Division 7 of the Water Code; collected or recovered by the State Water Board or a Regional Water Quality Control Board (Regional Water Board) under Chapter 6.7 of Division 20 of the Health and Safety Code; and repaid by loan recipients, including principal, interest, and fees.

In some instances, a court judgment or settlement agreement specifies how collected funds are to be spent (e.g., a specific cleanup, investigation, or supplemental environmental project [SEP]). Those funds are typically set aside in the CAA for that identified purpose, consistent with statutes governing uses of the CAA. After accounting for these needs and other prior encumbrances, remaining CAA funds may be utilized to fund: (1) projects that clean up and/or abate the effects of a waste on waters of the State, or (2) projects that address urgent drinking water needs.

The Division of Financial Assistance (DFA) has developed Draft Guidelines which describe the process for soliciting applications, prioritizing and evaluating project proposals, and awarding CAA funding to these types of projects.
