  • Funding criteria remain relatively the same as last IUP
  • Details will be provided in the next presentation.
6. WHAT’S NEW?

❖ Non-equivalency Environmental Review

Applications designated as non-equivalency projects will have CEQA-only environmental review applied. This has been extended to include:
  - Planning projects
  - Expanded small DAC and SDAC construction projects
  - Certain non-transient water system projects serving DACs/SDACs
  - Small non-DAC construction projects in Categories A-C

- Technical Assistance (TA) Available
  - Technical, Managerial and Financial Assessments
  - Funding Application Assistance
  - Rate Studies
  - Income Surveys
  - Legal Assistance

  - Planning Work (Feasibility Studies, Environmental Documents, Design, etc.)

- CEQA-Only Review – no federal environmental cross-cutter review
8. SMALL DAC FUNDING PLANNING GRANT/PF

❖ Small DACs may receive up 100% planning grant/PF

❖ Max grant/PF based on all funding the community receives in a 5-year period (planning, TA, & construction)

❖ DFA may require an evaluation of consolidation prior to reimbursement of other planning activities.
  • If consolidation is considered infeasible, the applicant will be required to discuss the reasons supporting that determination.
  • If consolidation is determined to be the most feasible alternative, grant/PF funding will only be available for a consolidation project
