EXHIBIT B – FUNDING TERMS

B.1. FUNDING AMOUNTS AND DISBURSEMENTS

B.1.1 Funding Contingency and Other Sources.

(a) If this Agreement’s funding for any fiscal year expires due to reversion or is reduced, substantially delayed, or deleted by the Budget Act, by Executive Order, or by order or action of the Department of Finance, the State Water Board has the option to either cancel this Agreement with no liability accruing to the State Water Board, or offer an amendment to the Recipient to reflect the reduced amount.

(b) If funding for Project Costs is made available to the Recipient from sources other than this Agreement, the Recipient must notify the Division. The Recipient may retain such funding up to an amount which equals the Recipient’s share of Project Costs. To the extent allowed by requirements of other funding sources, excess funding must be remitted to the State Water Board.

B.1.2 Estimated Reasonable Cost.

The estimated reasonable cost of the total Project is Written Dollar Amount dollars and no cents ($Dollar Amount).

B.1.3 Grant Amount.

Subject to the terms of this Agreement, the State Water Board agrees to provide Grant Funds not to exceed the amount of the Grant Amount set forth on the Cover Page of this Agreement.

B.1.4 Match Funds.

(a) The Recipient agrees to provide Match Funds in the amount of [WRITTEN DOLLAR AMOUNT] DOLLARS ($Dollar Amount).

(b) This Match Funds amount is based on the budget, funding sources, and amounts submitted by the Recipient in its application and during the negotiation of this Agreement. Any Match Funds changes or adjustments requested by the Recipient must be approved, in advance and in writing, by the Grant Manager and may require an amendment to this Agreement.

(c) Only expenses that would be considered eligible under the Guidelines will be counted towards the Recipient’s Match Funds.

(d) Any costs incurred prior to the adoption of Proposition 68 on June 5, 2018, will not count towards the Recipient’s Match Funds.
(e) If, at Work Completion, the Recipient has provided Match Funds in an amount that is less than the Match Funds amount set forth above, the State Water Board may proportionately reduce the Grant Funds amount and/or Recipient’s Match Funds amount, upon approval of the Deputy Director of the Division, provided the reduced amount(s) satisfy statutory requirements and Guidelines.

B.1.5 Budget Costs.

Budget costs are contained in the Project Cost Table below:

(a) Subject to the prior review and approval of the Grant Manager, adjustments between existing line items may be used to defray allowable direct costs up to fifteen percent (15%) of the total Grant Amount, including any amendment(s) thereto. Line Item adjustments approved by the Grant Manager must be de minimis, less than 15% of the total Grant Amount, and may not include any changes to the Scope of Work. Line item adjustments in excess of fifteen percent (15%) or line item adjustments that result in a change to the scope of work will require an Agreement amendment. If the detailed budget includes an amount for the Recipient’s personnel costs, that amount is based on the hours, classifications, and rates submitted by the Recipient in its application. Any changes to the hours, classifications, and rates must be approved, in advance and in writing, by the Grant Manager.

(b) The Recipient may submit a request for an adjustment in writing to the Grant Manager. Such adjustment may not increase or decrease the total grant amount. The Recipient shall submit a copy of the original Agreement budget sheet reflecting the requested changes and shall note proposed
changes by striking out the original amount(s) followed with proposed change(s) in bold and underlined. Budget adjustments deleting a budget line item or adding a new budget line item shall require a formal amendment. The Division may also propose budget adjustments.

(c) The sum of adjusted line items shall not exceed the total budget amount.

(d) In the event the Recipient does not submit invoices requesting all of the funds encumbered under this Agreement, any remaining funds revert to the State.

B.1.6 Contingent Disbursement.

(a) Notwithstanding any other provision of this Agreement, the Recipient agrees that the State Water Board may retain an amount equal to ten percent (10%) of the Grant Amount until Project Completion. Any retained amounts due to the Recipient will be promptly disbursed to the Recipient, without interest, upon Project Completion.

(b) The State Water Board’s disbursement of funds hereunder is contingent on the Recipient’s compliance with the terms and conditions of this Agreement.

(c) Project Funds may not include the Recipient’s Indirect Costs. Any Disbursement Request submitted including such costs will cause that Disbursement Request, in its entirety, to be disputed and will not be paid until the dispute is resolved.

(d) The State Water Board’s obligation to disburse Grant Funds is contingent upon the availability of sufficient funds to permit the disbursements provided for herein. If sufficient funds are not available for any reason, including but not limited to failure of the federal or State government to appropriate funds necessary for disbursement of Grant Funds, the State Water Board shall not be obligated to make any disbursements to the Recipient under this Agreement. This provision shall be construed as a condition precedent to the obligation of the State Water Board to make any disbursements under this Agreement. Nothing in this Agreement shall be construed to provide the Recipient with a right of priority for disbursement over any other entity. If any disbursements due the Recipient under this Agreement are deferred because sufficient funds are unavailable, it is the intention of the State Water Board that such disbursement will be made to the Recipient when sufficient funds do become available, but this intention is not binding.

(e) No costs incurred prior to the Eligible Work Start Date are eligible for reimbursement.

(f) Failure to proceed according to the timelines set forth in this Agreement may require the Recipient to repay to the State Water Board all disbursed Grant Funds.
(g) The Recipient agrees to ensure that its final Disbursement Request is received by the Division no later than the Final Disbursement Request Date, unless prior approval has been granted by the Division. If the final Disbursement Request is not received timely, the undisbursed balance of this Agreement may be deobligated.

B.1.7 Disbursement Procedure.

(a) Except as may be otherwise provided in this Agreement, disbursement of Grant Funds will be made as follows:

(1) Upon execution and delivery of this Agreement, the Recipient may submit a Disbursement Request for eligible Project Costs as well as to support Match Funds as specified in this Exhibit from the Project Costs through submission to the State Water Board using the Disbursement Request form and the reimbursement request form provided by the Grant Manager.

(2) Disbursement Requests shall contain the following information:

a. The date of the request;

b. The time period covered by the request, i.e., the term “from” and “to”;

c. The total amount requested;

d. Documentation of Match Funds used;

e. Original signature and date (in ink) of the Recipient’s Project Director or his/her designee; and

f. The final Disbursement Request shall be clearly marked “FINAL DISBURSEMENT REQUEST” and shall be submitted NO LATER THAN the Final Disbursement Request Date.

(3) Disbursement Requests must be itemized based on the line items specified in the budget in this Exhibit. Disbursement Requests must be complete, signed by the Recipient’s Project Director or his/her designee, and addressed to the Grant Manager as set forth in Section 4 of this Agreement. Disbursement Requests submitted in any other format than the one provided by the State Water Board will cause a Disbursement Request to be disputed. In the event of such a dispute, the Grant Manager will notify the Recipient. Payment will not be made until the dispute is resolved and a corrected Disbursement Request submitted. The Grant Manager has the responsibility for approving Disbursement Requests. Project Costs incurred prior to the Eligible Work Start Date of this Agreement will not be reimbursed.
(4) Grant Funds must be requested quarterly via Disbursement Request for eligible costs incurred during the reporting period of the corresponding Progress Report, describing the activities and expenditures for which the disbursement is being requested. Each Disbursement Request must be accompanied by a Progress Report. Failure to provide timely Disbursement Requests may result in such requests not being honored.

(5) The Recipient agrees that it will not submit any Disbursement Requests that include any Project Costs until such cost has been incurred and is currently due and payable by the Recipient, although the actual payment of such cost by the Recipient is not required as a condition of Disbursement Request. Supporting documentation (e.g., receipts, laboratory invoices) must be submitted with each Disbursement Request as well as to support Match Funds claimed, if any. The amount requested for administration costs must include a calculation formula (i.e., hours or days worked times the hourly or daily rate = total amount claimed). Disbursement of Grant Funds will be made only after receipt of a complete, adequately supported, properly documented and accurately addressed Disbursement Request.

(6) The Recipient will not seek reimbursement of any Project Costs that have been reimbursed from other funding sources.

(7) Recipient shall use Grant Funds within 30 days of receipt to reimburse contractors, vendors, and other Project Costs. Any interest earned on Grant Funds shall be reported to the State Water Board and will either be required to be returned to the State Water Board or deducted from future disbursements. In the event that the Recipient fails to disburse Grant Funds to contractors or vendors within thirty (30) days from receipt of the Grant Funds, the Recipient shall immediately return such Grant Funds to the State Water Board. Interest shall accrue on such Grant Funds from the date of disbursement through the date of mailing of Grant Funds to the State Water Board. If the Recipient held such Grant Funds in interest-bearing accounts, any interest earned on the Grant Funds shall also be due to the State Water Board.

(8) Recipient shall submit its final Disbursement Request no later than the Final Disbursement Request Date specified herein unless prior approval is granted by the Division. If the Recipient fails to do so, then the undisbursed balance of this Agreement may be deobligated.

(9) The Recipient agrees that it will not request a disbursement unless that cost is allowable, reasonable, and allocable.
(10) Notwithstanding any other provision of this Agreement, no disbursement shall be required at any time or in any manner that is in violation of or in conflict with federal or state laws, policies, or regulations.

(11) The Recipient agrees that it shall not be entitled to interest earned on undisbursed Grant Funds.

(12) No work or travel outside the State of California is permitted under this Agreement unless the Division provides prior written authorization. Failure to comply with this restriction may result in termination of this Agreement, pursuant to Exhibit C. Any reimbursement for necessary travel and per diem shall be at rates not to exceed those set by the California Department of Human Resources at [http://www.calhr.ca.gov/employees/Pages/travel-reimbursements.aspx](http://www.calhr.ca.gov/employees/Pages/travel-reimbursements.aspx), as of the date costs are incurred by the Recipient.

(13) The Recipient must include any other documents or requests required or allowed under this Agreement.

B.1.8 Withholding of Disbursements.

Notwithstanding any other provision of this Agreement, the State Water Board may withhold all or any portion of the Grant Amount upon the occurrence of any of the following events:

(a) The Recipient’s failure to maintain reasonable progress on the Project as determined by the Division;

(b) Commencement of litigation or a judicial or administrative proceeding related to the Project, that the State Water Board determines may impair the timely satisfaction of Recipient’s obligations under this Agreement;

(c) Any investigation by the District Attorney, California State Auditor, Bureau of State Audits, United States Environmental Protection Agency’s Office of Inspector General, the Internal Revenue Service, Securities and Exchange Commission, a grand jury, or any other state or federal agency, relating to the Recipient’s financial management, accounting procedures, or internal fiscal controls;

(d) A material adverse change in the condition of the Recipient that the Division reasonably determines would materially impair the Recipient’s ability to satisfy its obligations under this Agreement, or any other event that the Division reasonably determines would materially impair the Recipient’s ability to satisfy its obligations under this Agreement;
(e) The Recipient’s material violation of, or threat to materially violate, any term of this Agreement;

(f) Suspicion of fraud, forgery, embezzlement, theft, or any other misuse of public funds by the Recipient or its employees, or by its contractors or agents regarding the Project;

(g) An event requiring Notice as set forth in Exhibit C;

(h) An Event of Default or an event that the Division determines may become an Event of Default.

B.1.9 Fraud and Misuse of Public Funds.

All Disbursement Requests submitted must be accurate and signed by the Recipient’s Authorized Representative under penalty of perjury. All costs submitted pursuant to this Agreement must only be for the work or tasks set forth in this Agreement. The Recipient must not submit any Disbursement Request containing costs that are ineligible or have been reimbursed from other funding sources unless required and specifically noted as such (i.e., match costs). Any costs for which the Recipient is seeking reimbursement shall not be reimbursed from any other source. Double or multiple billing for time, services, or any other eligible cost is improper and will not be compensated. Any suspected occurrences of fraud, forgery, embezzlement, theft, or any other misuse of public funds may result in suspension of disbursements and, notwithstanding any other section in this Agreement, the termination of this Agreement requiring the repayment of all Grant Funds disbursed hereunder. Additionally, the Deputy Director of the Division may request an audit and refer the matter to the Attorney General’s Office or the appropriate district attorney’s office for criminal prosecution or the imposition of civil liability.

B.2 RECIPIENT’S PAYMENT OBLIGATION.

B.2.1 Project Costs.

The Recipient must pay any and all costs connected with the Project including, without limitation, any and all Project Costs and Additional Payments. If the Grant Funds are not sufficient to pay the Project Costs in full, the Recipient must nonetheless complete the Project and pay that portion of the Project Costs in excess of available Grant Funds, and shall not be entitled to any reimbursement therefor from the State Water Board.

B.2.2 Estimated Principal Payment Due.

C.1.8 Financial Statements and Continuing Disclosure.

The financial statements of Recipient: (a) are materially complete and correct; (b) present fairly the financial condition of the Recipient; and (c) have been prepared in accordance with GAAP. (c) The Recipient must maintain separate books, records and other material relative to the Project. The Recipient must also retain such books, records, and other material for itself and for each contractor or subcontractor who performed or performs work on this project for a minimum of thirty-six (36) years after Work Completion. Such approval may be conditioned as determined to be appropriate by the Division, including a condition requiring repayment of all disbursed Grant Funds or all or any portion of all remaining funds covered by this Agreement together with accrued interest and any penalty assessments that may be due.

C.3.12 Data Management.

The Recipient will undertake appropriate data management activities so that Project data can be incorporated into statewide data systems.

C.3.13 Disputes.

(a) The Recipient may appeal a staff decision within 30 days to the Deputy Director of the Division or designee, for a final Division decision. The Office of the Chief Counsel of the State Water Board will prepare a summary of the dispute and make recommendations relative to its final resolution, which will be provided to the State Water Board’s Executive Director and each State Water Board Member. Upon the motion of any State Water Board Member, the State Water Board will review and resolve the dispute in the manner determined by the State Water Board. Should the State Water Board determine not to review the final Division decision, this decision will represent a final agency action on the dispute.

(b) This clause does not preclude consideration of legal questions, provided that nothing herein shall be construed to make final the decision of the State Water Board, or any official or representative thereof, on any question of law.

(c) The Recipient must continue with the responsibilities under this Agreement during any dispute.

(d) This section relating to disputes does not establish an exclusive procedure for resolving claims within the meaning of Government Code sections 930 and 930.4.

The Recipient shall provide that every employee who works on the Project receives a copy of the Recipient’s drug-free workplace policy statement and agrees to abide by the terms of the statement as a condition of employment on the Project.

C.3.15 Environmental Clearance.

(a) Notwithstanding any other provision, the State Water Board has no binding obligation to provide funding under this Agreement except for activities excluded from, not subject to, or exempt under the California Environmental Quality Act (CEQA) and National Environmental Policy Act (NEPA). No work that is subject to CEQA or NEPA may proceed under this Agreement until the State Water Board has provided approval to proceed. Upon receipt and review of the Recipient’s environmental documents, the State Water Board shall make the appropriate environmental findings before determining whether to approve construction or implementation funding for the Project under this Agreement. Providing approval for such construction or implementation funding is fully discretionary. The State Water Board may require changes in the scope of work or additional mitigation as a condition to providing construction or implementation funding under this Agreement. The Recipient shall not perform any work subject to CEQA and/or NEPA before the State Water Board completes its environmental review and specifies any changes in scope or additional mitigation that may be required. Proceeding with work subject to CEQA and/or NEPA without approval by the State Water Board shall constitute a breach of a material provision of this Agreement.

(b) If this Project includes modification of a river or stream channel, the Recipient must fully mitigate environmental impacts resulting from the modification. The Recipient must provide documentation that the environmental impacts resulting from such modification will be fully mitigated considering all of the impacts of the modification and any mitigation, environmental enhancement, and environmental benefit resulting from the Project, and whether, on balance, any environmental enhancement or benefit equals or exceeds any negative environmental impacts of the Project.

This Agreement is governed by and shall be interpreted in accordance with the laws of the State of California.

C.3.17 Income Restrictions.
The Recipient agrees that any refunds, rebates, credits, or other amounts (including any interest thereon) accruing to or received by the Recipient under this Agreement must be paid by the Recipient to the State Water Board, to the extent that they are properly allocable to costs for which the Recipient has been reimbursed by the State Water Board under this Agreement.

C.3.18 Indemnification and State Reviews.

The parties agree that review or approval of Project plans and specifications by the State Water Board is for administrative purposes only, including conformity with application and eligibility criteria, and expressly not for the purposes of design defect review or construction feasibility, and does not relieve the Recipient of its responsibility to properly plan, design, construct, operate, and maintain the Project. To the extent permitted by law, the Recipient agrees to indemnify, defend, and hold harmless the State Water Board, and any trustee, and their officers, employees, and agents (collectively, "Indemnified Persons"), against any loss or liability arising out of any claim or action brought against any Indemnified Persons from and against any and all losses, claims, damages, liabilities, or expenses, of every conceivable kind, character, and nature whatsoever arising out of, resulting from, or in any way connected with (1) the Facility or the Project or the conditions, occupancy, use, possession, conduct, or management of, work done in or about, or the planning, design, acquisition, installation, or construction, of the Facility or the Project or any part thereof; (2) the carrying out of any of the transactions contemplated by this Agreement or any related document; (3) any violation of any applicable law, rule or regulation, any environmental law (including, without limitation, the Federal Comprehensive Environmental Response, Compensation and Liability Act, the Resource Conservation and Recovery Act, the California Hazardous Substance Account Act, the Federal Water Pollution Control Act, the Clean Air Act, the Toxic Substances Control Act, the Occupational Safety and Health Act, the Safe Drinking Water Act, the California Hazardous Waste Control Law, and California Water Code Section 13304, and any successors to said laws), rule or regulation or the release of any toxic substance on or near the Facility or the Project; or (4) any untrue statement or alleged untrue statement of any material fact or omission or alleged omission to state a material fact necessary to make the statements required to be stated therein, in light of the circumstances under which they were made, not misleading with respect to any information provided by the Recipient for use in any disclosure document utilized in connection with any of the transactions contemplated by this Agreement, except those arising from the gross negligence or willful misconduct of the Indemnified Persons. The Recipient must also provide for the defense and indemnification of the Indemnified Persons in any contractual provision extending indemnity to the Recipient in any contract let for the performance of any work under this Agreement, and must cause the Indemnified Persons to be included within the scope of any provision for the indemnification and defense of the Recipient in any contract or subcontract. To the fullest extent permitted by law, the Recipient agrees to pay and discharge any judgment or award entered or made against Indemnified Persons with
respect to any such claim or action, and any settlement, compromise or other voluntary resolution. The provisions of this section survive the term of this Agreement.

(f) The Recipient, its contractors, and subcontractors must ensure that the evaluation and treatment of their employees and applicants for employment are free from such discrimination and harassment.

(g) The Recipient, its contractors, and subcontractors must comply with the provisions of the Fair Employment and Housing Act and the applicable regulations promulgated thereunder. (Gov. Code, §12990, subds. (a)-(f) et seq.; Cal. Code Regs., tit. 2, § 7285 et seq.) Such regulations are incorporated into this Agreement by reference and made a part hereof as if set forth in full.

Should a potential tribal cultural resource and/or archaeological or historical resource be discovered during construction or Project implementation, the Recipient must ensure that all work in the area of the find will cease until a qualified archaeologist has evaluated the situation and made recommendations regarding preservation of the resource, and the Division has determined what actions should be taken to protect and preserve the resource. The Recipient must implement appropriate actions as directed by the Division.
