

STATE OF CALIFORNIA

**CLEAN WATER STATE REVOLVING FUND  
PROJECT LIST**

State Water Resources Control  
Board Division of Financial Assistance  
April 2018

**\*\*NOTE:** A project must be included on the Project List (PL) to be approved for CWSRF financing. However, the CWSRF applicants do not need to take any specific action to have their projects added to the PL. Division of Financial Assistance staff will recommend that your project be included on the next PL update after we receive at least one of your application packages. CWSRF applicants should start an application only if they intend to submit a complete application within the next six to 12 months. CWSRF applications are accepted continuously, and the PL is generally updated on a quarterly basis. Please note, placing a project on the PL does not constitute a commitment to provide financing.
