Table 1

**2009 Municipal Wastewater Recycling Survey Results by Agency and Beneficial Use**

AGENCY NAME <sup>1</sup>	Location		2009 Municipal Recycled Water Results (acre feet per year) <sup>2</sup>	Beneficial Use Breakdown (acre feet per year)									
	County	Regional Water Quality Control Board		Golf Course Irrigation	Landscape Irrigation	Agriculture Irrigation	Commercial	Industrial	Geothermal Energy Production	Seawater Intrusion Barrier	Groundwater Recharge	Recreational Impoundment	Natural Sys. Restoration, Wetlands, Wildlife Habitat

NOTES:

- In the cases where multiple agencies provide water to a single entity (such as Fresno Irrigation District) or where a regional wholesaler provides supporting documentation for its customers (such as the County Sanitation Districts of Los Angeles County), the recycled water values were grouped to minimize the potential for duplication. The decision to group recycled water users and suppliers into the combined total of an overarching organization was based on the type of data available and the complexity of the organizational relationships. Some agencies may participate in more than one inter-agency organization or receive recycled water from more than one supplier. Some recycled water producers may provide water to wholesale and retail water agencies and provide recycled water directly to other customers or users.
- Values shown in bold are for the 2009 calendar year (or for the 2008-2009 fiscal year where calendar year values were not available). Standard font values are 'carried over' from the 2001 survey (data transferred from the 2001 Survey when 2009 Survey data were not available).
- Agency reported that it uses less than 50 acre-feet of recycled water per year and did not complete a survey.
- Includes Las Palmas, Pasadera, Carmel Valley Ranch, and Indian Springs.
- Central California Women's Facility, Corcoran, California Men's Colony, Mule Creek, Pelican Bay, Pleasant Valley, Sierra Conservation Center, Susanville, Tehachapi, Wasco,
- Receives recycled water from Encina Wastewater Authority
- Includes the Pebble Beach Community Services District and the Pebble Beach Company.
- Includes cities of Bellflower, Cerritos, Cudahy, Downey, Huntington Park, Industry, Lakewood, Lancaster, Long Beach, Lynwood, Norwalk, Paramount, Pico Rivera, Pomona, Santa Fe Springs, South Gate, Vernon, and Whittier. Also Bellflower MWS, Bellflower-Somerset MWC, Castaic Lake WA, Central Basin MWD, Golden State WC (Torrence), LA County Waterworks No. 40, Park WC, Rowland WD, San Gabriel Valley WC, Upper San Gabriel Valley MWD, Valencia WC, Walnut Valley WD, and Water Replenishment District. San Jose Creek discharge is not credited.
- Includes the cities of Hayward and San Leandro, and Castro Valley SD, Oro Loma SD, and Union SD.
- Includes West County Wastewater District, City of San Leandro, and Dublin San Ramon Services District (as DERWA)
- Includes the cities of Clovis and Fresno, Malaga County WD.
- Distributes recycled water produced by Goleta Sanitation District, which also receives wastewater from Goleta West Sanitation District
- Includes cities of Chino, Chino Hills, Upland (for Upland Hills), Fontana, Montclair, Ontario, and Upland. Also, Chino Basin Desalter Authority and Cucamonga Valley WD.
- Includes cities of Manhattan Beach, El Segundo, and Torrance. Also, Golden State WC, California Water Company, West Basin MWD, and Water Replenishment District.
- Includes the Monterey Peninsula Water Management District and Monterey County Water Resources Agency .
- Includes cities of Costa Mesa, Fountain Valley, Huntington Beach, Newport Beach, and Santa Ana.
- Distributes recycled water produced by Sacramento Regional County Sanitation District
- Distributes recycled water produced by the City of Scotts Valley
- Includes cities of Morgan Hill and Gilroy
- Receives recycled water from the City of Turlock
- Ventura is included in the earlier surveys as City of San Buenaventura
