Chairman Charlie R. Hoppin
1001 I Street
Sacramento, CA 95814

Dear Chairman Hoppin,

State Water Board,

I ask you to mandate the power plants to use newer, better and more environmentally friendly cooling systems, to minimize the killing of animals that are necessary for nature's balance and our well being. Power plants refusal is keen to any owners of old technology who are afraid of change and do not realize the potential that newer, better technology bring.

Please do your duty and protect the citizens on California.

Thank you,

Avi Lenchner
Menlo Park, CA

Sincerely,

Mr. Avi Lenchner
