Ms. Eileen Sobeck
Division of Water Quality
Water Quality Standards / Assessment Section
State Water Resources Control Board
1001 I Street
Sacramento, CA 95814

Attention: Ms. Julie Johnson

Dear Ms. Sobeck:

Subject: Submission of Revised Annual Impingement data for the Los Angeles
Department of Water and Power's (LADWP's) Scattergood Generating Station
Once-Through Cooling Interim Mitigation Measures Payment Calculation

The Los Angeles Department of Water and Power (LADWP) submits the amended annual impingement data to include the month of August 2018, for the period of October 1, 2017 through September 30, 2018 (Enclosure 1), as requested per the email dated January 23, 2019 from Ms. Julie Johnson of the State Water Resources Control Board (Enclosure 2). LADWP originally submitted the data on December 21, 2018; however, the survey information for the month of August 2018 was not included, because a survey was not conducted.

Scattergood Generating Station utilizes an operating crane for its monthly impingement surveys. During the month of August 2018 the operating crane was out of service. Thus, instead of listing the biomass (lbs) impingement data as 0.00 kg for August 2018, it was not recorded in the report. In the future, if surveys are not able to be performed due to operating conditions, LADWP will notate in the report.

If you have any questions or require additional information, please contact Mr. Jonathan Ma of my staff at (213) 367-2186.

Sincerely,

Katherine Rubin
Manager of Wastewater Quality and Compliance

Biomass (lbs)

Biomass (lbs)

Grand Total
8.092

N/A* = Not Applicable

*During the month of August 2018, there were no surveys conducted at Scattergood Generating Station. Scattergood Generating Station utilizes an operating crane for its monthly impingement surveys. However, during the month of August 2018 surveys were unable to be conducted at Scattergood Generating Station due to the operating crane being out of service.

Hi Jonathan,

I am following up with you about my email that I sent on January 23, 2019 (below). I had originally requested re-submission of the Annual Impingement Data table by February 8th, however we have not received an updated table. Could you please review the email below and the attachment and respond by Tuesday, February 26, 2019? Please feel free to reach out with any questions.

Thank you,

Julie A. Johnson, PG

Subject: RE: Submission of Intake Volume and Annual Impingement data for LADWP Scattergood Generating Station

Hi Jonathan,

Thank you for submitting LADWP Scattergood Generating Station's flow and impingement data for the October 2017-September 2018 operating period. I'm reaching out with a follow-up question about the *Scattergood Generating Station – Annual Impingement Data* table. When reviewing the table, I noticed that August 2018 was not included (please see attachment). Please resubmit to me **via email** the *Scattergood Generating Station – Annual Impingement Data* table with the August 2018 data included by close of business on Friday, February 8. Resubmission via hard copy is not required.

Please let me know if you have any questions.

Thank you,

Julie A. Johnson, PG
