NOTICE OF PUBLIC MEETING AND NOTICE OF DRAFT REPORT AVAILABILITY

Regarding the Statewide Advisory Committee on Cooling Water Intake Structures' Draft Recommended Compliance Date Extensions for Alamitos, Huntington Beach, Ormond Beach, and Redondo Beach Generating Stations

NOTICE IS HEREBY GIVEN

The Statewide Advisory Committee on Cooling Water Intake Structures (SACCWIS) will hold a public meeting at the following time and location to consider adoption of the Draft Recommended Compliance Date Extensions for Alamitos, Huntington Beach, Ormond Beach and Redondo Beach Generating Stations.

January 23, 2020

1:00 p.m. – 3:00 p.m.

Joe Serna Jr.-CalEPA Headquarters Bldg.
Training Room 1 West/East
1001 I Street, First Floor
Sacramento, CA 95814

BACKGROUND

The Statewide Policy on the Use of Coastal and Estuarine Waters for Power Plant Cooling (Once-Through Cooling Policy or OTC Policy) requires that the SACCWIS convene periodically to ensure that implementation of the OTC Policy will not cause disruption in the State of California's electrical power supply. All meetings of the SACCWIS are open to the public and the SACCWIS will hear public comment on any items under consideration.

The meeting will include a presentation and the committee's consideration of approval of recommendations to extend OTC Policy compliance dates for Alamitos, Huntington Beach, Ormond Beach, and Redondo Beach generating stations to the State Water Board to support system-wide grid reliability concerns.

The Draft Recommended Compliance Date Extensions for Alamitos, Huntington Beach, Ormond Beach, and Redondo Beach generating stations supports a recommendation to extend the four power plants by up to three years to ensure system-wide grid reliability.
