

State Water Resources Control Board

VIA EMAIL:

June 30, 2025

John Gleason, PE, CPESC, QSD, QSP, QISP, ToR
M.S. Hatch Consulting, LLC

Dear Mr. Gleason,

Thank you for submitting the proposal to administer a Qualified Storm Water Pollution Prevention Plan (SWPPP) Developer (QSD) Prerequisite Course on behalf of M.S. Hatch Consulting, LLC. State and Regional Water Board staff evaluated M.S. Hatch Consulting LLC's proposal and found that the prerequisite course provides an acceptable level of training.

In accordance with the 2022 Construction Stormwater General Permit, Section V.H, I hereby approve the M.S. Hatch Consulting, LLC "QSD Prerequisite Course" as an acceptable prerequisite for the Qualified SWPPP Developer certification, when combined with an existing Qualified SWPPP Practitioner (QSP) certification or the successful completion of a QSP prerequisite.

The course is now listed on the State Water Resources Control Board's [2022 Construction Stormwater General Permit webpage](https://www.waterboards.ca.gov/water_issues/programs/stormwater/construction/general_permit_reissuance.html) (https://www.waterboards.ca.gov/water_issues/programs/stormwater/construction/general_permit_reissuance.html).

Please contact Brandon Roosenboom at Brandon.Roosenboom@waterboards.ca.gov with any additional questions.

Sincerely,

A handwritten signature in black ink, appearing to read "P. Crader".

Phillip Crader, Deputy Director
Division of Water Quality

E. JOAQUIN ESQUIVEL, CHAIR | ERIC OPPENHEIMER, EXECUTIVE DIRECTOR
