

STATEWIDE INDUSTRIAL GENERAL PERMIT

**DISCHARGER'S GUIDE TO THE STORM WATER MULTIPLE APPLICATION AND
REPORT TRACKING SYSTEM (SMARTS) DATABASE**

**LEVEL 1 EXCEEDANCE RESPONSE ACTION (ERA)
REPORT SUBMITTAL**

Last Revised: May 24, 2018

Storm Water Industrial General Permit - Level 1 Exceedance Response Action (ERA) Report:

The Industrial General Permit (IGP) reporting year is July 1st through June 30th. Annually on July 1st (the end of each reporting year), SMARTS assigns a regulatory “Level” status to each industrial facility based on the required monitoring data. At the beginning of a Discharger’s Notice of Intent (NOI) coverage, all Dischargers have Baseline status for all parameters. If sampling results from the previous reporting period indicates that a facility’s discharge exceeds an Annual or Instantaneous Maximum Numeric Action Level (NAL) for an applicable parameter, a Level status will be assigned. Dischargers moving from Baseline status to Level 1 for an NAL exceedance are required to complete ERAs. Level 1 status requires the Discharger to:

- (1) Perform a Level 1 ERA Evaluation by October 1 of the year Level 1 status is determined, and
- (2) Submit a Level 1 ERA Report by January 1 following the Level 1 status determination.

A Discharger must obtain the assistance of a Qualified Industrial Storm Water Practitioner (QISP) to complete the Level 1 ERA Evaluation and prepare the Level 1 ERA Report.

To be qualified to assist a Discharger with an ERA Evaluation, and to prepare an ERA Report, a QISP must:

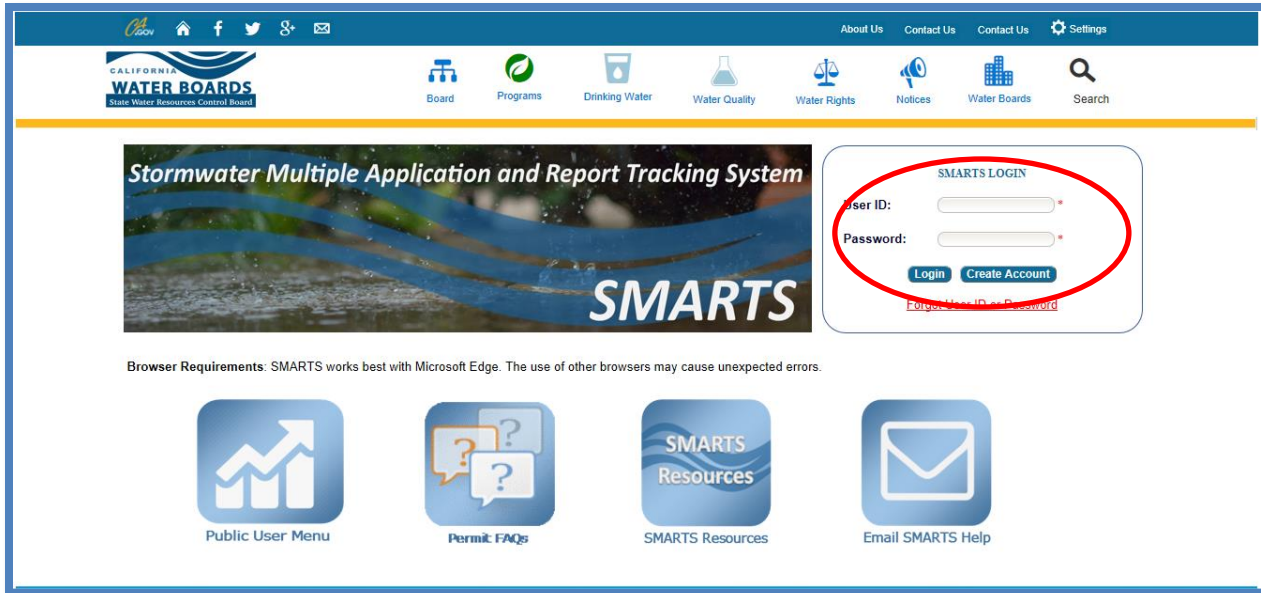

- (1) Have a valid QISP certificate number through the sponsored and approved QISP Training Program provided by California Stormwater Quality Association (CASQA) and administered by the Office of Water Programs at Sacramento State (OWP), or
- (2) Be a licensed engineer by the California Department of Consumer Affairs, Board for Professional Engineers, Land Surveyors, and Geologists, and have completed the QISP self-certificate review administered by OWP.

The State Water Board and CASQA provide a look-up tool for Dischargers to find a QISP qualified to conduct the above ERA requirements, at the following website:

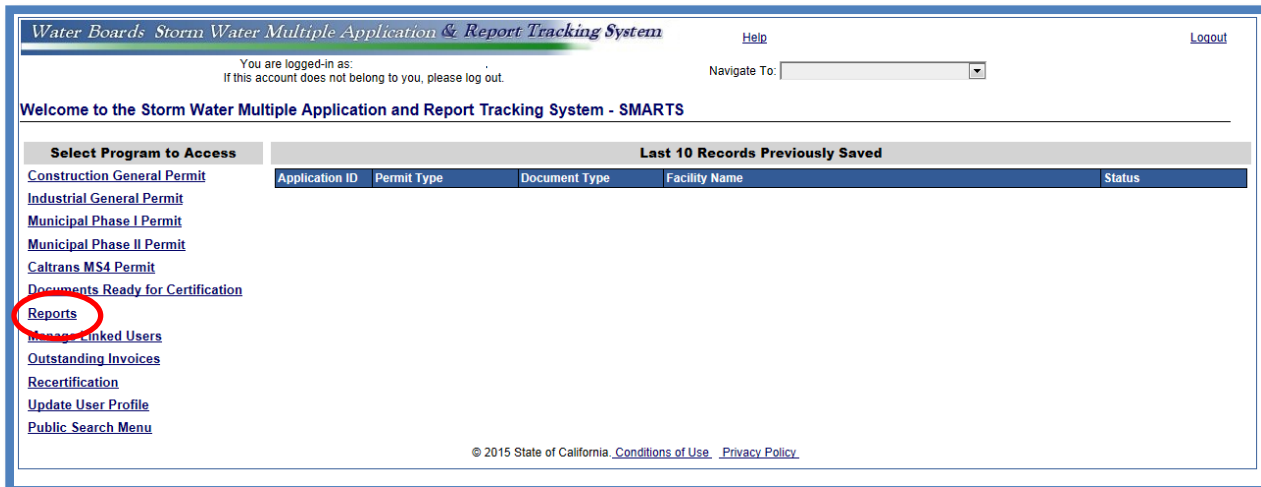

<https://smarts.waterboards.ca.gov/smarts/faces/Reports/QispSearch.xhtml>

The Level 1 ERA Report must be submitted and certified by the facility’s Legal Responsible Party (LRP) or the Duly Authorized Representative (DAR). The following steps guide an LRP or DAR to submit the Level 1 ERA Report prepared by a QISP:

1. Please log into SMARTS: <https://smarts.waterboards.ca.gov>
Please use SMARTS in Microsoft Edge

2. From the Main menu select "Reports":

Last Revision: 5/24/18

- Search for an ERA report using the Reporting Period that corresponds with the Level 1 ERA Report. Any facility that the user is linked to will display once you select "Search":

Reports Search

Enter the search criteria below. Only the Reporting Period is required to be selected when searching. If the search does not return any results, try entering fewer search fields. If only the Reporting Period is selected and no results display, you are not correctly linked to the WDID Number. Please contact the Legally Responsible Person to link you to the WDID number. Upload File

- File size should be less than 75MB. Those greater than 75MB will not be uploaded. MS Office, PDF, and Picture files are accepted. (PDF is recommended)
 - Fields marked with * are mandatory fields.
 - Please be advised that preliminary tests of the upload function suggest that large files could take a long time to upload. Our estimated upload times for a FAST connection is as follows:

File Size	Estimated Time
5 MB	3 - 5 min.
25 MB	15 - 20 min.
75 MB (max size)	25 - 30 min.

Attached files: The following are the current documents related to the NOI. Click on the link to view them.

¹ **NOTE:** For the Level 1 ERA Report please use the file type “Level 1 Technical Report”. For Storm Water Pollution Prevention Plan (SWPPP) revisions please use the file type “SWPPP”. For all other documents, use the file type “Supporting Documentation”.

You may select the “Attachments” Tab to refresh the screen and see that the attachment properly uploaded². Once you have checked that it uploaded correctly select “Next”.

² **NOTE:** If an incorrect attachment is uploaded, an attachment can be deleted by selecting “Delete” on the right.

- Once the QISP has been identified, the final implementation date of all the new Best Management Practices (BMPs) identified must be entered. After entering the date select the "Save" button:

The screenshot shows a web form for a Qualified Industrial Storm Water Practitioner (QISP). At the top, there are navigation tabs: General Info, Attachments, QISP (highlighted in green), Certify, Status History, and Back to Report Main. Below the tabs, the form is titled "Qualified Industrial Storm Water Practitioner (QISP)". It contains several input fields: "First Name:" with the value "QISP", "Last Name:" with the value "Industrial", and "QISP Certification No:" with the value "F09876". Each of these fields has a red asterisk to its right. To the right of the "Last Name:" field is a "Lookup QISP" button. Below these fields is a section titled "BMP(s) Implemented Date" with a label "BMP(s) Implemented Date:" and a date input field containing "11/01/2016" and a calendar icon. To the right of the date field is the label "MM/DD/YYYY *". At the bottom of the form, there are three buttons: "Save", "Back", and "Next". The "Save" and "Next" buttons are circled in red.

- The "Certify" Tab provides a completion check of the Level 1 ERA Report in progress:

The screenshot shows the "Storm Water ERA Report" form. At the top, there are navigation tabs: General Info, Attachments, QISP, Certify (highlighted in green), Status History, and Back to Report Main. Below the tabs, the form displays the following information: "Facility Name: Mine", "Operator Name: Test", "WDID: 5S34I025869", "Report Period: 2016-17", and "Report Status: Future". Below this information is a message: "Before certifying the report, the system must verify that all required sections have been completed. To perform this check, click the button below:". Below the message is a button labeled "Perform Completion Check", which is circled in red.

The "Perform Completion Check" function will provide the user with a notification of any errors that must be corrected prior to submission of the Level 1 ERA Report. (e.g. correct attachments uploaded). Any user can perform this check. If a Data Entry Person (DEP) performs the check and the Level 1 ERA Report is complete, SMARTS only allows the DEP to notify the LRP or DAR (via a generated SMARTS email) that the Level 1 ERA Report must be certified and submitted. A DEP completing this check will see this:

The screenshot shows the "Storm Water ERA Report" form. At the top, there are navigation tabs: General Info, Attachments, QISP, Certify (highlighted in green), Status History, and Back to Report Main. Below the tabs, the form displays the following information: "Facility Name: Mine", "Operator Name: Test", "WDID: 5S34I025869", "Report Period: 2016-17", and "Report Status: Future". Below this information is a message in green text: "The Ad Hoc Application appears to be complete. A Data Entry Person cannot certify the application. Please contact the Legally Responsible Person, Approved Signatory, or Duly Authorized Representative to certify and submit the application." Below the message is a button labeled "Submit to LRP/AS", which is circled in red. Below the button is a note: "On Clicking the Send Email to LRP/AS button, the status of the document is updated as Not Submitted - certification required. An email is sent to the LRP/AS informing them that the data entry is complete."

Once the DEP selects “Submit to LRP/DAR”, the screen will display a message “Email successfully sent to LRP/AS” and the status “Not Submitted – certification required”.
