REPORT TRACKING SYSTEM (SMARTS) DATABASE**

**NO EXPOSURE CERTIFICATION ANNUAL  
CERTIFICATION**

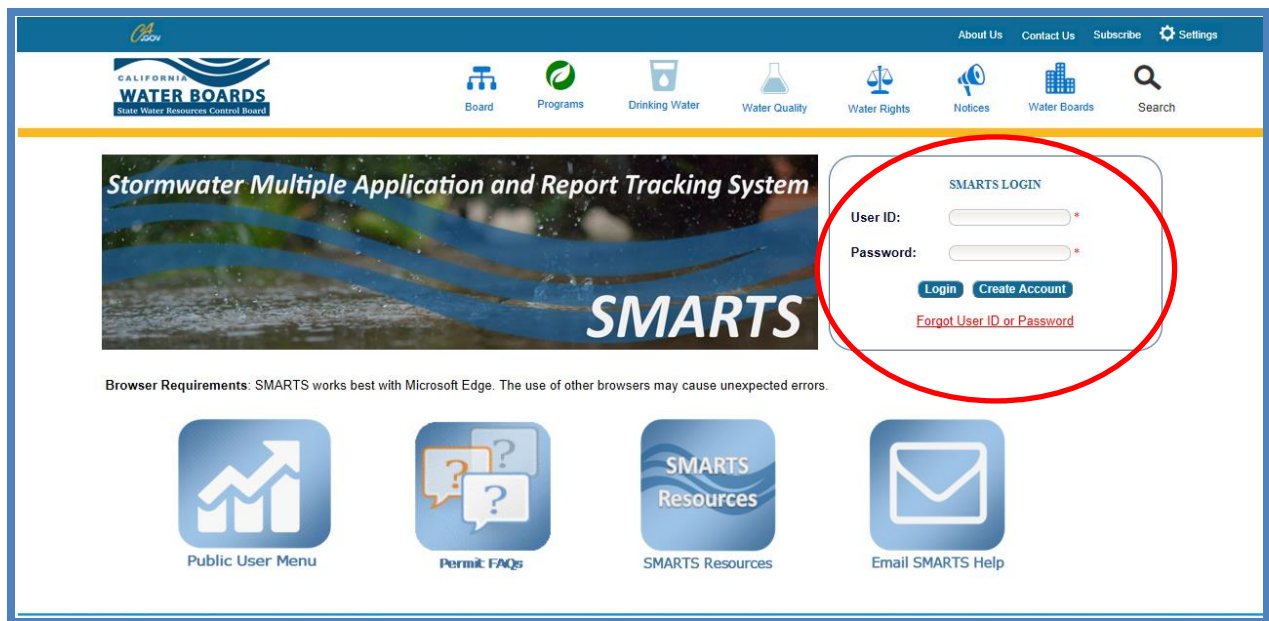

**Last Revised: May 24, 2018**

**SMARTS NEC Annual Certification:**

A Discharger must electronically certify and submit No Exposure Certification (NEC) Permit Registration Documents (PRDs) via State Water Resources Control Board's (State Water Board's) Storm Water Multi-Application and Report Tracking System (SMARTS) to obtain NEC coverage. A Discharger must maintain a condition of "No Exposure" at the facility for the conditional exclusion to remain applicable. By October 1 of each reporting year, the Legally Responsible Person (LRP) must annually electronically re-certify the NEC via SMARTS demonstrating that the facility has been evaluated, and that none of the Industrial Materials or Activities are, or will be in the foreseeable future, exposed to precipitation. If conditions change resulting in the exposure of materials and activities to storm water, the LRP must electronically certify and submit PRDs via SMARTS for Notice of Intent (NOI) coverage under the Industrial General Permit (IGP).

1. Please log into SMARTS: <https://smarts.waterboards.ca.gov>

 Sacramento, CA, 95814

1. Using, storing or cleaning industrial machinery or equipment, and areas where residuals from using, storing or cleaning industrial machinery or equipment remain and are exposed.	Select <input type="button" value="v"/>
2. Materials or residuals on the ground or in storm water inlets from spills/leaks.	Select <input type="button" value="v"/>
3. Materials or products from past industrial activity.	Select <input type="button" value="v"/>
4. Material handling equipment (except adequately maintained vehicles).	Select <input type="button" value="v"/>
5. Materials or products during loading/unloading or transporting activities.	Select <input type="button" value="v"/>
6. Materials or products stored outdoors (except final products intended for outside use, e.g., new cars, where exposure to storm water does not result in the discharge of pollutants).	Select <input type="button" value="v"/>
7. Materials contained in open, deteriorated or leaking storage drums, barrels, tanks, and similar containers.	Select <input type="button" value="v"/>
8. Materials or products handled/stored on roads or railways owned or maintained by the Discharger.	Select <input type="button" value="v"/>
9. Waste material (except waste in covered, non-leaking containers, e.g., dumpsters).	Select <input type="button" value="v"/>
10. Application or disposal of processed wastewater (unless already covered by an NPDES permit).	Select <input type="button" value="v"/>
11. Particulate matter or visible deposits of residuals from roof stacks/vents evident in the storm water outflow.	Select <input type="button" value="v"/>

I certify under penalty of law that I have read and understand the eligibility requirements for claiming a condition of 'no exposure' and obtaining an exclusion from NPDES storm water permitting; and that there are no discharges of storm water contaminated by exposure to industrial activities or materials from the industrial facility identified in this document (except as allowed in subsection C above). I understand that I am obligated to submit a no exposure certification form annually to the State Water Board and, if requested, to the operator of the local Municipal Separate Storm Sewer System (MS4) into which this facility discharges (where applicable). I understand that I must allow the Water Board staff, or MS4 operator where the discharge is into the local MS4, to perform inspections to confirm the condition of no exposure and to make such inspection reports publicly available upon request. I understand that I must obtain coverage under an NPDES permit prior to any point source discharge of storm water from the facility. I certify under penalty of law that this document and all attachments were prepared under my direction or supervision in accordance with a system designed to assure that qualified personnel properly gathered and evaluated the information submitted. Based upon my inquiry of the person or persons who manage the system, or those persons directly involved in gathering the information, the information submitted is to the best of my knowledge and belief true, accurate and complete. I am aware there are significant penalties for submitting false information, including the possibility of fine and imprisonment for knowing violations.
